CHARLES E. BARBER,  
**THE INJURED.**  
JOHN H. ST. CLAIR,  
PHILIP CHANDLER,  
J. A. BECKER,  
JOHN POLICE,  
CLARENCE ALLEN,  
JOHN GARVEY,  
EDWARD HOLLAND.

**MINE DISCHARGED.**  
The mine was discharged by a man concealed in the shafthouse of the Delmonico mine.

Sheriff Robertson and a detective force have found the machine which set off the dynamite. It consists of a revolver and 300 feet of steel wire. The revolver was placed underneath the platform close to the powder. The end of the wire was fastened to a chair lift which was used as a lever from the Delmonico property. The men employed on the night shift at the Findley mine, who had just finished work, had gathered on the depot platform to board a train and return to their homes when the explosion occurred beneath their feet, hurling them in every direction, destroying the depot and rending a great hole in the earth.

**PHYSICIANS AND NURSES.**  
A special train carrying physicians, nurses, detectives, mine owners and other persons, was dispatched from this city as soon as possible after the news of the accident was received and arrived at Independence, six miles distant, at 4 o'clock. Sheriff Robertson and other officers immediately began a careful search for clues to the perpetrators of the outrage.

Although the strike of union miners in the Cripple Creek district, which began August 10, 1903, and which led to the declaration of martial law in Teller county by Governor Peabody, is still in effect, good order has been maintained for the past six months and military rule has been suspended and all troops withdrawn. The mine owners with the exception of the Portland Company, claim to have as many men working as they need and they require all miners to renounce allegiance to the Western Federation of Miners before giving them employment.

**MOYER IN JAIL.**  
A committee appointed by the convention of the Western Federation, now in session in Denver, to investigate the situation in this district, visited the camp last week. Charles H. Moyer, president of the federation, is in jail at Telluride, which is under martial law, being held as a military prisoner by Governor Peabody, who charges him with inciting insurrection and rebellion.

Telluride is in Southwestern Colorado and is about 400 miles from Cripple Creek.

**THE STRIKERS.**  
The strikes in the metalliferous mines of Colorado were ordered by the executive board of the Western Federation of Miners for the purpose of cutting off the ore supply of mills and smelters at which an eight-hour day was refused to the employees.

The Findley mine is controlled by A. E. Carlton, president of the First National Bank, a man prominent in the councils of the Cripple Creek Mine Owners' Association.

When news of the disaster reached Victor, Mayor Franklin ordered out Company L, Colorado National Guards,

and the soldiers are now on guard at Independence. The scene about the depot is sickening. Portions of human bodies are scattered over the right of way of the railroad, and in the twenty-foot hole made by the explosion are several skulls, arms, legs and hands. Every object within a radius of fifty feet from the hole is bespattered with blood.

The injured were removed as quickly as possible to the Victor and Red Cross hospitals and the mangled remains of the dead, most of whom were unrecognizable, were gathered.

**THE DEATH SIGNAL.**  
The murderers evidently did not wish to kill or injure any of the crew in charge of the train which the ill-fated miners intended to take for their homes in Victor and Cripple Creek.

When within seventy-five feet of the depot at Independence, the engine whistle sounded as a signal for the men at the depot to get ready to board and to warn any lagards to make haste if they wished to catch the train. This whistle was the death signal, for no sooner had the shrill blast sounded, than a muffled roar was heard and the mountain trembled as if rocked by an earthquake.

**HORRIBLE SIGHT.**  
The train, which was running slowly, was brought to a sudden stop by the engineer and members of the train crew ran hastily forward to investigate. They were terror-stricken at the sight which greeted their eyes, the spectacle being made all the more gruesome by the sickly fluttering lights from the lanterns and burning matches the railroaders carried. It took but a few seconds for the trainmen to appreciate the terrible results of the explosion and messengers were rushed off for assistance.

**TELLS OF EXPLOSION.**  
Charles Rector of the Shurtliff mine describes the explosion as follows:

"There were about fifty or sixty of us waiting for the train, which was coming up the track a few hundred feet distant. A number of miners who had not yet reached the depot, were running toward it with their dinner buckets in hand. The train approached the depot at a moderate rate and the crowd on the platform began to move around so as to secure points of vantage in getting aboard as soon as the train stopped. At this moment a great explosion occurred right under their feet. The impact shook the buildings in the town and everything became absolutely dark. A few moments later groans of men were heard, people came running from residences and stores to the scene. I found myself uninjured. The depot, platform and the surrounding objects were rent to splinters. The work of rescue was begun at once. Six badly wounded miners were picked up at different points near the scene. The dead were found after much difficulty. There was almost total darkness in the vicinity."

The whole district is up in arms over the catastrophe and danger of further trouble is feared.

**MURDERED MINERS.**  
Of the miners murdered several are from this city, while some reside in Victor. Most of them have families and the crime is enhanced for that reason into the most stupendous disaster in the history of the district, not even excepting that of the Independence mine last January, whereby fifteen men lost their lives.

That the diabolical crime was carefully hatched and deliberately perpetrated there is now not the shadow of a doubt. Two or three hundred pounds of powder were exploded, probably by a revolver attached to the wire which still remains leading out of the scene of the explosion.

There is seventy-five yards of the wire which was used to pull the trigger of the revolver which fired the immediate charge of powder. The rear end of the wire was uncovered at 11 o'clock this morning by a construction gang of the Florence and Cripple Creek Railroad, which was sent to the scene of the wrecked depot.

**BLOWN TO ATOMS.**  
A large quantity of unrecognizable

remains of human beings was also uncovered at the same time. Sheriffs Burton, Wilson and Underwood stood guard over the pile of debris from early morning, in the hope that upon the arrival of the railroad workers some definite clue to the nature of the machine might be discovered. Nothing was found, however, except the rear end of the wire which was used to explode the gun.

The wire was discovered at daylight, running out alongside the switch which goes to the Delmonico mine. Attached to the end of the wire as a handle was a chair leg. This was used to pull the fatal trigger, seventy-five yards away.

**BLOODHOUNDS.**  
Bloodhounds have been requisitioned from Trinidad, Palmer Lake and Canon City. The wire is being carefully guarded and no one is being permitted to walk along the spur of track along which it runs.

It would seem like a futile attempt to apprehend the assassins who pulled the string. The trail would be lost after the end of the spur is reached. It is so near the town of Independence that innumerable persons have traversed the ground in that vicinity.

**TERRIBLE CRIME.**  
It would seem that the only hope is for the arrest of every suspicious person in the district and a forcing of such persons to prove alibis. The crime is such a terrible one that nearly all the authorities are at sea for a theory to account for the identity of the murderer or murderers. Excitement prevails to such a heat that the most conservative citizens would not interfere if they felt sure that the right persons would be apprehended.

Many citizens express the opinion that burning would be the punishment meted out to the criminals if caught. "The county will be at no expense for a hanging this time," said a prominent citizen.

## YALE IS IN THE LEAD.

NEW HAVEN, Conn., June 4.—Yale and Princeton teams met this afternoon at Yale field for the first game in the twenty-second annual championship baseball series between the two universities. The attendance was very large.

Score—Princeton, 1; Yale, 3.

## WOODMEN TO HOLD MEMORIAL EXERCISES.

BERKELEY, June 4.—That they may honor the memories of their departed fellow members, the five lodges of the Woodmen of the World and Women of Woodcraft will assemble at their hall in this city tomorrow afternoon to proceed to Mountain View cemetery, where appropriate exercises will be held. The Woodmen and Women of Woodcraft will leave Woodman Hall on Center street at 3:30 o'clock and will take special cars to the cemetery.

Assemblymen William H. Wastie will deliver the memorial address at the cemetery and a program of sacred music will be rendered. The Woodmen organizations that will participate in the exercises are Woodward, Beran and Cerrito camps and Escorial and Cerrito circles.

A committee composed of members from the lodges will decorate the graves to the occasion.

## DEATH RESULTS FROM SHOOTING.

ST. LOUIS, June 4.—Dr. J. W. Simpson, a married man, was shot and killed at Weston, Mo., by Julius Ruppel, a saloon keeper. Ruppel gave himself up. He alleges undue intimacy of Simpson with Mrs. Ruppel.

## CUTTER BEAR IN TROUBLE.

SAN FRANCISCO, June 4.—The United States revenue cutter Bear, which left here June 24, has been sighted five miles south of the Farallone islands. The vessel has lost her foremast and part of her mainmast and her sails are spread on the deck. The Bear was bound for Seattle. Soon after she got out of the harbor strong northwest gales were reported off the coast and it is believed her masts were taken out during one of the squalls that accompanied the storms.

## RUMOR THAT KUROKI IS CAUGHT.

PARIS, June 4.—A dispatch from St. Petersburg to the Havas Agency says an unconfirmed rumor is circulating there that Gen. Kuroki has been captured by the Russians.

## ENFORCES NEW ORDINANCE.

B. C. Sale, who conducts a saw mill at William street and San Pablo avenue was taken into custody this morning for violating the ordinance relative to the height of smoke stacks.

The ordinance was but recently passed and provides that the smoke stack must be higher than the houses in the immediate vicinity.

## TRAINS RUNNING.

TOPEKA, Kan., June 4.—The Santa Fe main line, which has been completely blocked between Emporia and Florence since 2 o'clock Thursday afternoon, was thrown open for train service today and the first trains through here for several days arrived from the West at 12:30 p. m.

## LILLIAN BABCOCK ILL AT FABIOLA.

Lillian Babcock, daughter of Mr. and Mrs. Charles C. Babcock and granddaughter of Col. George Babcock, formerly court commissioner, has been ill for some time with pneumonia and has now been removed to her parents for treatment to Fabiola hospital.

# MINERS TO TAKE ACTION.

Leaders Will Investigate the Dynamite Outrage.

DENVER, June 6.—The Western Federation of Miners will investigate the dynamite outrage at Cripple Creek.

At the request of the Federation's convention today a committee consisting of C. C. Mitchell, of South Dakota; C. Mahoney, of Montana and Harry L. Lane of Nevada was appointed to go to the Cripple Creek district and make a thorough investigation of the whole affair and to report to the convention.

The committee which was sent to Cripple Creek last week to report on conditions there reported to the convention today. The report says that the mine owners admit that they are not getting anything like the returns the did before the strike. The committee found a great many men employed almost as many as before the strike on some properties, but the returns were not nearly so large proportionately.

The miners are determined to stand firm and the committee could suggest no change in the policy which had been followed by the Federation.

The Federation's association made the claim that if the matter had been put to a referendum vote of the local unions there would have been no strike. But the committee found that the local unions had considered the strike and voted the matter to be held until the next convention.

By unanimous vote Salt Lake was chosen for the place of the next convention. The convention will be held at Salt Lake Monday in May, 1905. Denver was selected as the permanent headquarters of the Federation.

## PROPERTY MAY BE SOLD.

CONTRA COSTA LAND ON THE DELINQUENT TAX LIST.

The real property of the Contra Costa Water Company was advertised for sale today in the delinquent tax list.

The company and not pay certain taxes on personal property which tax it and proposed to contest in court.

The total delinquency is about \$70,000.

The water company claims that the assessment is illegal and here will have the court settle the matter.

County Tax collector Earl H. Webb has caused the publication of the company's property in the delinquent list on the advice of the Attorney-General, U. E. Webb.

## SURPRISE FOR WARREN OSGOOD.

Last Friday evening a very pleasant surprise was given Warren D. Osgood upon his return from Modesto to this city. The affair was under the direction of the Irons Club of which Mr. Osgood is a member. The party was a great success and proved the most thoroughly enjoyable one of the season.

The decorations and the refreshments were the clever results of the untiring work of Mrs. Rod W. Church and Mrs. Fred Osgood. Refreshments were served and dancing consumed the remainder of the evening.

Those present were: Miss (Ladies) Osgood, Miss Mabel Pools, Miss Olive Bruning, Miss Edith M. Smith, Miss Ethel Smith, Miss Edith Alexander, Miss G. G. Church, Frederick Kitchner, Leslie Strong, Stanley King, Robert Ralph, Wesley Kersch, Ward Bassett.

## ANOTHER TALE OF EXPLOSION.

PINOLE, June 4.—Superintendent Birmingham, in speaking with a TRIBUNE reporter, as to the cause of the explosion in the California Powder Works at this place today, which has been attributed to the carelessness of the men who lost their lives, declared that the cause was unknown. He also made definite reference to two buildings which were affected and which were not the black powder works, as was first rumored. Mr. Birmingham said:

"No direct cause can be given for the explosion. The coroner's inquest will be held possibly Monday to determine the cause."

A grass fire was started which destroyed two other buildings, the champagne mixing house and ice plant.

"The employees fought bravely in the face of great danger and prevented further disaster."

The loss is estimated to be in the neighborhood of \$30,000."

# STRIKERS LOSE IN COURT.

President of Miners Must Remain in Prison.

DENVER, June 6.—The State Supreme Court today refused the application for a writ of habeas corpus for Charles H. Moyer, president of the Western Federation of Miners, who is held as a military prisoner at Telluride by order of Governor Peabody.

The Governor's action in declaring martial law in San Miguel county, imprisoning Moyer and other union men on the ground that they had incited insurrection and rebellion, suspending the writ of habeas corpus and ignoring the authority of the local courts as seems necessary to him in maintaining law and order, is sustained.

Chief Justice Gabbert and Justice Campbell concurred in the decision. Justice Steele dissented.

The opinion of the court was given by Chief Justice Gabbert. Its main points are as follows:

The Governor has sole power to determine when a state of insurrection exists in any county in the State. The courts have no power to interfere with the exercise of this prerogative.

The Governor has the right to use the military forces of the State to suppress insurrection.

He has also the power to order the imprisonment and the killing of insurrectionists if in his opinion that extremity is necessary.

He can detain military prisoners until he decides that the insurrection is quelled.

The courts of the State have no right to interfere with the military authorities and their handling of prisoners.

They have no power to attempt to discharge military prisoners.

The contents of the appellant that the military prisoners should be turned out to the civil authorities is characterized by the court as absurd.

The question which the court was asked to decide was of such vast importance to the State that the seven prominent lawyers were asked as advisory counsel to submit opinions.

Charles Hughes, one of these, it is understood, did not send in any opinion. The other six split evenly. Those who sustained the position of the Governor were Attorneys N. M. Goddard, Platt Rogers and A. C. Field.

Former Governor Charles S. Thomas, Leroy Steadman and Harry Rickard dissented from the opinion of the court.

## RECORDS MADE IN CHICAGO.

CHICAGO, June 4.—Unusual interest was shown today in the annual track and field meet of the Inter-Collegiate Athletic College Association on Marshall field. The advent of a crack team from Leland Stanford University gave added zest to the contest.

The team, which arrived at the home of athletes, many of whom have a national reputation in their particular line of sport. Seventeen colleges and universities had representatives on the field.

The number of entries the University of Michigan led the list, closely followed by the Universities of Wisconsin and Chicago. The other institutions having competitors were the University of Illinois, Drake University, Northwestern University, University of Indiana, Iowa State College, Purdue University, Leland Stanford University, Iowa State Normal, University of Minnesota, Iowa University, Oberlin College, University of Missouri, Beloit College and Lombard College.

As a point winner the University of Michigan had been generally conceded first place. The excellent quality of athletes entered in the various events, however, made the final result a matter of considerable conjecture. Possibly the greatest interest centered in the work of "Giant" Rose of Michigan, who recently established a new world's record for the shot-put.

**RESULTS.**  
Quarter-mile run, first trial heat—Garrels, Michigan, first; Hamilton, Iowa, State Normal, second; Taylor, Chicago, third. Time 52.1.

Second trial heat—Poage, Wisconsin, first; Goodwin, Michigan, second; Burn, Stanford third. Time 51.3.

Third trial heat—Walter, Wisconsin, first; Blair, Chicago, second; Coyle, Iowa, third. Time 52.3.

**MARSHALL FIELD.** June 4.—Final heat 100-yard dash was won by Rice, Chicago, first. Time, 10 1-5 seconds.

**MARSHALL FIELD.** June 4.—One mile run—Won by Vernon, Purdue, first. Time, 4:33 2-5.

**COTTON ACREAGE HAS BIG INCREASE.**

WASHINGTON, June 4.—The chief of the bureau of statistics of the department of agriculture estimates the total area planted in cotton in the United States this year at 2,760,000 acres, an increase of 2,320,000 acres, or 9 per cent upon the acreage planted last year.

The average condition of the growing crop on May 26 was 85 as compared with 74.1 on May 26, 1903, 85.1 at the corresponding date in 1902 and a ten year average of 83.8.

**WANTED.** We have a buyer for a good grocery store; also a tenant for a 40-room lodging-house, unfurnished. Sweet & Murray, 468 11th st.; Tel. James 151.

**WELL.** furnished, modern cottage; electricity, gas, conveniences. Apply mornings, 3801 West st.

# WOULD BLACKBALL THE MAYOR.

WHY OLNEY'S NAME WAS WITHDRAWN FROM PACIFIC UNION CLUB.

Naturally the announcement that the name of Mayor Warren Olney, which had been posted for membership in the exclusive Pacific Union Club of San Francisco, had been withdrawn by its proponents to prevent rejection by black ball has caused considerable gossip.

The Mayor's name was taken off the club's waiting list because his friends were notified that its withdrawal would prevent certain rejection.

Mayor Olney and his friends assert that the opposition came from William J. Dungee, William G. Henshaw and Charles Webb Howard. Mr. Henshaw is absent in New York, having departed more than a fortnight ago, but Messrs Dungee and Howard emphatically deny that they had anything to do with Mayor Olney's rejection.

"You will have to excuse me from talking about any matter in which the Pacific Union Club is concerned," said Mr. Dungee. "I have my private opinion of Mr. Olney as a public official which I may be pleased to give to the newspapers at some future time, but so far as Mr. Olney as a private citizen is concerned, I do not care to take up that theme at present."

Mayor Olney said: "I do not care to go into a discussion of the matter, as I have many friends in the Pacific Union Club and I do not want to say anything that would injure them. After I have seen them I will be perfectly willing to give out a statement. Personally, I am not averse to discussing the question. I know that it was Dungee and Henshaw that kept me out. That is all I will say at present and until I have seen my friends in the club I will mention no other names than those two."

It is quite likely that Mayor Olney's attitude toward public utility corporations in general and the Contra Costa and Spring Valley water companies has created antagonism to him in the club, which is largely composed of capitalists and professional men identified with corporations. It probably required no more incitement than the Mayor's official utterances and attitude with respect to certain interests to render him persona non grata to men financially involved therein.

**NOT BURNED IN FIRE.**

MRS. BERTHA CALHOUN TURNS UP IN COLLEGE TOWN.

BERKELEY, June 4.—The mystery surrounding the disappearance of Mrs. Bertha A. Calhoun was cleared this afternoon when she put in an appearance at the fire that destroyed her cottage at the corner of Telegraph avenue and Blake streets last Friday morning. She was greatly surprised to learn through the papers that her property had been destroyed, and explained her absence by stating that after arriving at the home of Anthony Bry, 1128 East Fourteenth street, Oakland, she visited acquaintances in Hayward.

After skipping her trunk from here last Monday Mrs. Calhoun went to the White Sulphur Springs, near Vallejo, and left there Thursday morning, after receiving a note that her son was killed in the fire. Arriving in San Francisco Thursday afternoon she registered in the Russ House and remained there Thursday night. She was in Gilroy this morning, when she took up the papers and learned of the news that her disappearance was causing considerable excitement here.

But a few days ago Mrs. Calhoun had refused an offer of \$4000 for her house, and the real estate man declare that the lot if worth fully \$1000 and her house would not reach a valuation of \$2000, the amount of insurance carried. Mrs. Calhoun declares that the house is worth more than that and that she is now the guest of her friend, Mrs. James Irwin on Blake street, near Telegraph.

## JORDAN STARTS FOR EAST.

STANFORD UNIVERSITY, Cal., June 4.—President David Star Jordan has started on a three weeks' trip to Cornell University, Ithaca, New York, where he will attend the annual commencement exercises of that university. En route President Jordan will deliver the commencement address at the Agricultural College of Iowa, and the baccalaureate address at Buchtel College, Ohio. He will also attend the fifty-eighth anniversary of the University of Wisconsin.

**BONDAGE HANDICAP.**

CHICAGO, June 4.—Bondage won the Harlem National handicap. Fonsolucca second; Gregor K. third. Time, 2:06 3-5.

Colonial Girl, McGee and Dr. Stephens were withdrawn this afternoon because rain had made the track deep in mud.

**WANTED.** At Keller Candy Co., opposite Bday station, 7th st., girls to learn candy dipping and wrapping; must be good girls; also 2 or 3 dippers; experienced.

## THEO. GIER'S Sauterne

Is produced from vines that were imported from the Sauterne District of France in 1884. No foreign white wine can compare with it, being mellow, rich in flavor and lacking the acidity so common in most dry wines. No matter how long it is kept it is absolutely clear. It is remarkably cheap for its type of wine.

# BANKING BY MAIL

In many, Eastern Cities is growing to large proportions with a tendency to increasing popularity.

The depositor encloses a check or postal order and pass-book in an envelope and sends them to the Bank through the mail. The pass-book is returned the same way. It saves the time of a busy man, and is perfectly safe.

This system prevails not only between distant cities, but between such near-by points as Oakland and Berkeley and San Francisco and even between different sections of the same city.

TRIBUNE'S PAGE OF SPORTS, COMPLETE AND UP-TO-DATE

TACOMA TIGERS CHAMPION DOES TAKE TWO. HEAVY WORK.

WIN BOTH MORNING AND AFTERNOON GAMES FROM SIWASHES.

At Seattle yesterday the Tigers crossed bats with the Siwashas and up to the seventh inning had them going with nothing but ciphers. In seven innings the Tacoma made their runs. In the seventh the Siwashas too, a batting pit and made three hits and three runs but this did not good to win. Another was added in the ninth when the Siwashas were over and the game ended 7 to 4 in favor of the Tigers. Seattle got 4 hits off C. Hall and Fitzgerald and connected for a total of 9.

RUNS AND HITS BY INNINGS

Tacoma	0	0	0	0	0	0	0	0	0	0
Base hits	0	0	0	0	0	0	0	0	0	0

There was an afternoon game between Seattle and Tacoma at Tacoma and the Siwashas repeated the drubbing given at Seattle in the morning. The Siwashas started in well by landing three runs and the Tigers collected the sum of one in the first section. Tacoma went in again for a single score in the fifth. Then came the result and battery case in the sixth when the Tigers went after Barber and knocked him out of the box for the runs and six hits. The eighth was productive of two runs for Seattle and the ninth almost allowed the tying of the score with one more run for the Siwashas. But it was too late and the game came to a close with the Tigers 7 and the Siwashas 6. Ovie Overell was in the box for Tacoma and pitched a strong and steady game.

YACHTS HAD TO TURN BACK.

Yesterday was open day for the California Yacht Club but, owing to the stiff breeze outside little cruising was done. Only three boats started out. They were the Iola, Gynese and Pictolus. The three yachts headed for the Presidio shoal buoy but after a short trial with the weather put back again and the day's trip had to be abandoned. The afternoon was spent by the yachtsmen at the clubhouse talking over the next day's trip and will soon be put up for the comfort and convenience of the sailors.

PROMINENT STARTER AND AUTHORITY ON HORSES AT DEATH'S DOOR.

"Dick" Dwyer, the well-known and popular starter, is lying ill at Chicago where he recently underwent an operation for appendicitis. Dwyer was taken to a hospital a few days ago at the Halcyon track. The operation was performed by Dr. John B. Murphy, who states that the operation was most timely as a few days more of delay would have resulted fatally. The case is said to be most serious and grave hopes for the patient's recovery are entertained. If no complications ensue there is a chance for the afflicted man to recover. In case he does live through the results of the operation he will be unable to resume his duties at the track until August.

"Dick" Dwyer is one of the best known and popular starters that has been associated with any of the events. He began his life as an exercise boy at the age of 11 years. There is no story that he was connected with the racing game that Dwyer does not know. He is considered an authority on horse racing as well as the subject of the handling of the horses for the start. In 1879 Dwyer became a trainer. The first work was done at Guttenberg. In 1882 he came into prominence when acting as starter at the St. Louis races.

UNITED STATES IS FAIR.

DOES NOT WANT TO SECURE TERRITORY IN MOROCCO.

LONDON, June 6.—The fears expressed at Madrid that the action of the United States in sending a fleet to Tangier was due to the American desire for a port on the west coast of Morocco and the rumors of the Spanish capital of an exchange of notes between the European powers with the view of obtaining assurances that the American action will be confined to liberating Morocco, Cordova and Valencia are not shared and are not confirmed at the Spanish Embassy here. Nor has Ambassador Choate heard anything of the exchange of notes mentioned by La Correspondencia Espanola. The Spanish Government appears to be acting in perfect harmony with Great Britain and the United States, and no apprehension is expressed in Spanish official circles that the United States has any designs except to ensure the safety of all Europeans and other American citizens.

The dispatch of the Spanish battleship Pelago and other Spanish vessels to Tangier, it is pointed out at the Spanish Embassy, was demanded essentially by the large number of Spanish subjects residing both in Morocco and in the Spanish territory on the northwest coast of Africa. Some fears are expressed that a general rising in Morocco might ensue in the event of hasty action by an alien power but it is believed that if France is not hampered she will be able to secure the release of the captives. The rumor of the suggested sale of the Philippine Islands to Japan received no credence here.

SPANISH SHIPS HAVE NOT SAILED.

PARIS, June 6.—Referring to the dispatch from Madrid, saying that the Spanish battleships Pelago and Navarra and the armed cruiser Cardenal Cisneros had sailed for Tangier, the Foreign Office here says it received a denial of a similar report previously published but is not aware whether the warships have gone to Morocco.

The rumors current that the powers have exchanged notes relative to restricting American operations in Morocco are also denied by the Foreign Office.

DRUG WAREHOUSE DAMAGED BY FIRE.

NEW YORK, June 6.—The seven-story drug warehouse of McKesson & Robbins, on Ann street, was damaged to the extent of \$10,000 by fire today. Three firemen were injured.

FRIEDMAN FOR EIGHTS BAIL. Sanders Friedman, a cigar dealer accused of selling lottery tickets, forfeited \$50 bail in the Police Court this morning.

THINKS JEFFRIES WILL NEED PUNCH. TAILENDERS ROB ANGELS SHUT OUT THE SEALS.

MINER MUNROE SAYS THAT HE IS IN CONDITION AND WILL WIN. ANNEX BOTH GAMES OF DAY AND PULL OAKLAND DOWN.

OCEANSIDE, SAN FRANCISCO, June 6.—Miner Munroe is growing in favor as the date of his battle with Jim Jeffries approaches. While sporting men are not prone to switch, many of the wisest have come to the conclusion that the miner is a great fighter and will put up by long odds the greatest mill Jeffries has ever had.

The gymnasium was packed to the doors yesterday by visitors, who put up 25 cents each for the privilege of seeing the husky miner in action. Many appeared, doubting Munroe's ability to take punishment, but after seeing him go, they all deplored the odds. The odds were predicted that while he may not succeed in putting Jeffries out, he will surely make a better showing than did any of the famous fighters who have gone against the big fellow in the past. All hands agree upon the proposition that Munroe can take a many. If not more, blows than can Jeffries. He has a determined, hard, bony head that seems built to receive the most decisive punch that can be handed out by man. His body is a capital one. About the waist he is larger than the champion. The excess is not, however, soft adipose tissue, but is hard, resistant muscle, that will be able to stand off many of the fierce blows Jeffries will undoubtedly land.

Munroe will not be there as a chopping block. He will hand out some famous right and left handers himself. His left arm is a fearful weapon and while righting he shoots at backs and forth like a piston rod.

In talking today, Munroe said he sampled the last Jeff had at his command at Butte.

If he cannot punch any harder now than he did then he will whip him. It was in this belief that I conceived the idea that I could whip him. It is my opinion that the big fellow is not husky enough to put me away.

Munroe concluded with the remark that he is feeling well and will surely win.

FAMILIES OUT OF HOMES.

THEY ARE COMPELLED TO GET AWAY FROM LOW LANDS.

KANSAS CITY, June 6.—All Kansas farmers except the Walnut and the Verdigris, in the southern part of the State, are compelled to fall today. The streams named are rising slowly and are driving families from the lowlands around Kansas City and Coffeyville, but it is not believed that they can go much higher. But little rain is reported for this section of the Southwest today.

As the waters subside the great amount of damage wrought becomes apparent. The continuous sweep of water over the farms in the past month has practically ruined many of them, much of the soil being washed away. The water has been over the wheat, corn and alfalfa fields so long that the farmers believe that crops are completely ruined. The loss to stock will be heavier than at first expected and as most of the farmers on the bottoms lost their crops of corn, the stock that escaped drowning is suffering for food. Train service is still demoralized in the southern part of the State, although it is gradually improving.

TEN YEARS IN THE PENITENTIARY.

SACRAMENTO, June 6.—Gin Chung, a Chinaman, today pleaded guilty to a charge of manslaughter for killing Wee Ah Woon, and was sent to the Folsom penitentiary for ten years.

One trouble with people who have exposures is that they can't always think of them.—Chicago News.

ANGELS SHUT OUT THE SEALS.

KNELL HIT HARD AND EXCITING GAME OF BRILLIANT PLAYS.

The Angels descended from the clouds to be among the mortal Seals yesterday at Los Angeles and after playing scrapping turns into the ears of the rock-rollers spread their wings and soared above, taking with them two Seal scalps and leaving nothing but a great round feathered circle. The game was brilliant throughout and the Angels have the credit of making the first triple play of the season. Newton pitched for the Angels while Knell did the honors for the Seals. Los Angeles drew first in the first inning and gathered one run. The fourth added another and this finished the scoring. The Angels hit Knell hard for a total of ten hits while Newton presented—but seven. The Los Angeles team made four errors and San Francisco 3.

RUNS AND HITS BY INNINGS

Los Angeles	1	2	3	4	5	6	7	8	9	
Base hits	0	0	0	0	0	0	0	0	0	0
San Francisco	0	0	0	0	0	0	0	0	0	0
Base hits	0	0	0	0	0	0	0	0	0	0

Two-base hits—Walton, Bernard, Chase. Sacrifice hits—Anderson, Newton. First base on errors—Los Angeles 2, San Francisco 2. Left on bases—Los Angeles 5, San Francisco 7. Bases on balls—Off Newton 2. Struck out—By Newton 8, by Knell 1. Double plays—Reltz to Massey, Flood to Wheeler, Newton to Spies to Flood. Triple play—Wheeler to Flood to Chase. Hit by pitched ball—Gorton. Time of game—1 hour, 25 minutes. Umpire—McDonald.

SPORTING NEWS.

Agitation of the Lohmanns Association have changed their average. The expected happened in this case.

Portland trounced the Oaklanders for two games yesterday, 7 to 5 in the morning and 10 to 3 in the afternoon. Nothing like being a tailender.

The Tacoma team had a winning streak yesterday and the Siwashas were washed off the diamond. Morning—Tacoma 7, Seattle 4, afternoon—Tacoma 7, Seattle 6.

The Seals were shut out by the Angels yesterday and the feathered angels making good for a pair.

Oakland has been out by the Tigers for first place. If the knot cannot be untied it can be cut. Now Mr. P. Lohmann cut a few hairs from the Seals' making good for a pair.

The TRIBUNE baseballists won from the Press and the Examiner yesterday. These new slugs are certainly no hoodlums. No need yet and still there's more victories to come.

G Stern, an American boxer, won the Australian Dubs at Paris. Of course, this is a little late and makes the justice of the world.

Walter J. Travis, the golf champion, is paired with J. Randall by yesterday's drawings.

Richard Dwyer, the prominent starter, is lying critically ill at the Mercy Hospital in Chicago.

Eddie Jones, the local jockey, writes that he has made another winning across the pond.

PEANUT SANDWICHES.

Glind the shell and skinned roasted peanuts in a food grinder to a fine powder and mix with salad dressing. Until it is of the consistency to spread. Cut bread into thin slices and spreading butter it. Lay a lettuce leaf on one piece and spread the other with the peanut mixture. Press the two pieces together and trim off the crusts. Cut into the desired shapes and pack close together on a large plate, covering them with a damp cloth. They will keep fresh in this way for twelve hours.

FOOD FOR BRAIN WORKED.

Professional men, thinkers and students, whose expenditure is chiefly of the brain, and whose bodily activity is necessarily limited require such a supply of nutriment as will measurably compensate for the lack of muscular activity. The supply of food, in its various forms, should be kept fresh in this way for twelve hours.

## Mr. Bard's Attitude Versus His Acts

Despite his protestations, the attitude of Hon. Thomas R. Bard is not different, save in the matter of pretense, from the attitude of any other aspirant for office. He has announced that he desires an election; he has appointed a campaign manager, and his friends are planning to put up legislative candidates pledged to vote for him; they are exerting themselves to have county conventions declare in favor of his candidacy. In Riverside county they stole a march and thereby succeeded in getting an Oxnard man pledged to Bard—a trick of purely practical politics. In short, the Bard canvass is going along in the same way that a Senatorial canvass ordinarily pursues. The demeanor and professions of the candidate are alone different. One is sanctimonious and the other has a flavor of Mr. Pecksniff.

But why should not Mr. Bard say he desires to be elected Senator? And why should he not work hard to gain an election? He is surely no better than President Roosevelt. The office of Senator is not more exalted than the office of President; no greater dignity hedges a Senator than hedges a President—hardly so much we should say. Mr. Roosevelt frankly says he wants to be elected President, and he is working openly and energetically to secure nomination and election.

The only difference between his candidacy and the candidacy of Mr. Bard, is that there is no hypocrisy about the President. He esteems the high office he holds, and fills so admirably, as a great honor. He is prepared to strive for this great honor openly and in the sight of men. His striving is as honorable as the object to which it is directed. Mr. Bard professes to think such honors should not be striven for, yet he violates his own ethical postulate by striving while pretending not to do so. Mr. Bard's superior virtue is only for show. He is only a man of ordinary clay after all in spite of his upturned eyes and crossed hands. It is only his way of posing that distinguishes him.

Prophet Joseph Smith says he would not dream of joking about marriage ties. He has married so often that he is convinced that marriage is no joke. In his case it is certainly no joking matter. Rather, we should say, it is penal and grossly immoral.

Indications point to the early fall of Port Arthur. Little reliance is to be placed in the Paris report to the effect that the Czar has ordered Kuropatkin to march to the relief of the beleaguered fortress. He cannot do so without placing his whole army and his line of communications in great peril. By marching south he would leave his flank exposed to General Kuroki, who has a seasoned army of from 80,000 to 100,000 men ready to strike at any moment. It is not to be believed that he would let Kuropatkin pass him unmolested to take General Oku in the rear. The 14,000 men that entered the Lia Tung peninsula came from the west, in the vicinity of Newchwang. Their object is simply to make a diversion by harassing Oku's flank and rear. This body of troops has already suffered a reverse, and is in far more danger than the Japanese. Provisions are short in Port Arthur; and the Japanese are preparing to rain projectiles on the city and fortifications from all sides, land and sea. The half-starved Russians can do little more than lie as close as they can in their trenches and casemates. Under the circumstances the city may be crisscrossed by assault, as strongly fortified as it is. The fight at Shantung hill proved that the Japanese are capable of rushing a seemingly impregnable fortress.

## Combinations in Restraint of Industry

Attorney-General Webb has granted permission for J. M. James, an independent contractor, to use the name of the State in a suit he will institute to have the charter of the Sacramento Builders' Association declared forfeited. This suit is the outcome of the deadlock that has existed for some months between the Builders' Association and the Building Trades Council of Sacramento.

The deadlock has developed a peculiar condition of affairs. The Builders' Association has an agreement with the dealers in material which restricts the purchase of building supplies to members of the association. But the material dealers also have an agreement with the Building Trades Council not to furnish supplies to any contractor who is not "right" with the unions.

James is a union man, but he is not a member of the Builders' Association, and hence is not eligible to purchase building supplies. He can get the men but not the material. The members of the association can get the material but not the men. Independent contractors whether employing union or non-union men are unable to complete contracts because they are denied the right to purchase necessary building supplies.

The situation is intolerable, being in violation of every law of commerce and progress. Men who desire to build cannot do so, although men stand ready to contract and build, because of a combination in restraint of trade and industry.

It is to be hoped that the suit instituted by Contractor James will result in having the law in regard to such combinations defined and laid down with such clearness as to be fully understood by the lay as well as the professional mind. In granting permission to James to use the name of the State in the suit the Attorney-General states that he did so expressly that an important question may be adjudicated and settled. He says:

"The organizations such as are described in the complaint, as well as others of somewhat kindred character, are of comparatively recent development and the respective rights of each of such organizations as against the other and of the individual artisan as against them all, have not been determined by the courts, but constitute questions that should be determined by the courts of the land, and such determination will be generally of great practical advantage."

If, on trial, it appears that existing laws are impotent to prevent a community being tied up by combinations of the character alluded to, the deficiencies will be made manifest so that a legislative remedy may be applied.

## Why Are the Streets So Dirty?

What has become of the street cleaning crusade? It seems to have got lost in a cloud of dust. At least the streets, especially the principal business thoroughfares, have become unusually dirty of late. San Pablo avenue for a dozen blocks above Fourteenth street is in a particularly nasty state. The gutters are filled with trash and filth, old papers, decayed fruit and vegetables, orange and banana peelings and other rubbish equally objectionable. It is to be observed that many of the smaller stores and shopkeepers have resumed the ancient practice of sweeping all the dirt and trash of their establishments into the streets. The presence of the dust bins along the curbs is ignored.

The prevalence of these unsanitary conditions at the opening of the heated term is a menace to the public health, and is exceedingly objectionable from an aesthetic point of view. Such conditions should not be permitted. The ordinance forbidding the sweeping or dumping of trash and garbage in the streets should be more strictly enforced. The Police Department as well as the Board of Health should attend to this. A little more energy should be thrown into the enforcement of sanitary laws and regulations.

A year or so ago a popular agitation in favor of cleaner streets, better sanitation and cleaner ways began, and for awhile there was marked improvement in the appearance of the city. But the spasm soon passed, and the old slushy, dirty ways have returned. The sweepings again go in the gutter, and the refuse from fruit stands and vegetable stalls is cast into the highways to rot and fester in the sun. This sort of thing should be summarily ended. It is unhealthy, unclean and unsightly.

The Illinois jurist who advised his women hearers to pick Southern men for husbands evidently entertains a queer idea of what constitutes pure blood. Race intermingling does not create blood impurity; on the contrary, it tends to reinvigorate anaemic breeds. There is no reason why the blood of the Germans, the French or the Slavonians should not be as pure as the blood of the English, the Scotch and the Irish. The English, as we all know, are terribly mixed, and the English, Scotch and Irish have almost completely blended in this country, not only with each other, but with the Germans, Scandinavians and French. In other words, the American of today is a composite of many races and blood-strains.

The Massachusetts pauper who says he saved John W. Mackay from losing his bonanza mining properties in Virginia City by lending him \$7.50 is a fraud of the first water. Mackay was never without considerable money from the day he went to the Comstock from Sierra county. His credit was

always good and he could always borrow thousands of dollars even when he had little or no security to offer. Every man who knows anything about the early days of Virginia City knows how ridiculous it is for any man to assert that Mackay was ever so hard up that he needed to have \$7.50 to save him from ruin. Mackay was a prudent, forehanded man, albeit liberal and generous, from his youth. He never was in dire financial straits either in Nevada or elsewhere.

## ANNOUNCED HIS CANDIDACY

Lines are being laid for the election of a United States Senator from California to succeed Hon. Thomas R. Bard next winter when he Legislature meets. Senator Bard has returned from Washington and has announced that he would accept a re-election if it is handed out to him, but that he will not make an organized fight for the office. The situation has brought to the front as an avowed candidate Henry T. Oxnard, the great sugar king of Southern California who last Saturday made formal announcement that he is a candidate, provided a Republican Legislature is elected this fall, which is already a foregone conclusion. Mr. Oxnard has been discussed as an available candidate by the press and politicians for several months, and the announcement that he is now before the people as a real candidate has caused no surprise. He is a man of great resources and influence financially, and it is said he is personally strong, and that powerful influences throughout the State are backing his candidacy, hence, at this time, it may be safely concluded that he is the leading candidate.

Mr. Oxnard came to California in 1889 and founded his first sugar factory at Chino where experiments in beet culture had proven successful, and he has built up a great industry there and at Oxnard, a place founded by him, and where he established a large sugar factory in 1897. He now controls 30,000 acres of land and his two sugar plants represent an outlay of \$4,500,000. He pays to employed labor an aggregate of \$700,000 a year and distributes something like \$1,500,000 per year to beet growers. Judging from his business successes, he is one who will make a strong contest for the position he covets.—Hanford Sentinel.

## SOME PASSING JESTS

Shoe Clerk Boarder—How do you know she has been engaged before? Cravat Clerk Boarder—Because the upholstery of the sofa is all broken down at one end.—Cleveland Leader.

Ethel—Is he a marrying man? Mabel—Well, I should think so. He has been divorced three times.—Town Topics.

Sad Affair. Beautiful Ernestine was sobbing as though her heart would break. "What is it, dear?" asked her girl friend. "W-why," she sobbed, "I t-told Jack, after he proposed, to go up and see papa."

"What of that?" "Why, they started playing poker, and now he goes up to see papa every night!"—Chicago News.

Theatrical Episode. The lady that resembled an hour-glass in shape came out on the stage of the vaudeville-house frequented by the hopolite.

"O waltz! me to some sunnah climate," she warbled in a voice that would have pulled the nails out of a hard-wood floor.

Taking a good look at the size of the forty-nine-year-old damsel and estimating her height, a world-wise youth in the front seat remarked with great audibility:

"I guess we'll have to use a derrick for a wahter, Maudie!"—Baltimore News.

Bobby—What are angels' wings made of, papa? Father—Fly paper, of course.—Cincinnati Commercial.

Classified Society. Stella—How would you divide society? Bella—Well, in the lower classes you marry anybody, in the middle classes a nobody, in the upper classes a somebody, and in the smart set, an everybody.—Life.

An Aim in Life. She—What reason have you for thinking women have no aim in life? He—I have seen several of them attempt to throw stones.—Chicago News.

Such Stuff as Dreams. Bobby—What are angels' wings made of, papa? Father—Fly paper, of course.

Down to Zero. He—I can not express my love for you in words. She—Can't you? I can express mine for you.

He—Then you do love me. How can you express it? She—Inclipher.

A Queer Matter. Clara—Pepper, they say, makes people irritable. Cora—That's queer. Harry gets made when the pepper bottle is empty.—Detroit Free Press.

A RELIEF. You prize the friend that prides himself on being frank and true. Who talks about your faults, however it may hurt him and you.

You know that it's his sort on whom you rely to do what you depend on. When troubles overcast the sky and bitter tears descend.

But just the same you sometimes wish that he could comprehend. That no one finds perfection, no, not even in a friend.

And though you vow you want the truth, and want it good and strong, You kind of like the fellow who will jolly you along.

You kind of like the bird that sings a song of careless cheer. You kind of like the flowers that blossom idly, far and near.

You kind of like the merry rhyme whose strains so idly fall. You kind of like a lot of things that are no good at all.

But there is just one fact that stands out palpable and clear. The thoughtless smile is always better than the thoughtless sneer.

And so many folks are ready to remind you when you're wrong. That you kind of like the fellow who will jolly you along.

THE CORONATION OF DEATH. Once Death was but a beggar poor, Who came a-winning round Life's door; And Life, ungrudging to him cast The faded weeds whose day was past.

And Death, the sullen slave, was fain To be a King—But longed in vain.

Then Love awoke, and Death, the Thrall, Crowned by Love's hand was King of all; He plucked the garlands from Life's hair, The roses red, the lilies fair;

And in the dust he trampled down Poor Love, who gave him throne and crown.

—E. Nesbit, in Black and White. It is impossible to patch up a reputation so the patches won't show.—Chicago News.

## Hints for the Ladies.

Plaited skirts are one of the newest fancies and will be much worn as the season advances.

For Summer wear a beautiful line of openwork stockings in light thread and silk has appeared.

The so-called "nun's tucks" are an exceedingly fashionable trimming and their flat effect is more becoming to the woman of full figure than ruffles or frills.

The fashion of short sleeves is, of course, going to make gloves an important and expensive item of the summer wardrobe. The wrinkled suede gloves will undoubtedly be worn, and the glove-makers are showing some novelties in the shape of long wrists embroidered with fine beads or silks or inset with lace. The latter are especially pretty. The short sleeves may also be given a little impetus to the fashion of wearing lace mitts, which was tried last season with little success.

Fitted bodies with open sleeves seem positively uncanny looking after the blouses and draped waists to which we have been accustomed for so long, but some of the fitted waists have appeared in small numbers, and in the smartest styles, so we are not actually threatened with the fitted bodice for day wear, although it appears in evening dresses, with lace or tulle drapery around the shoulders and a pointed Marie Antoinette front or else a draped effect in front made in girle style.

This year the most beautiful materials and the loveliest colors, the finest laces and the most graceful designs are all combined in the simple pleignors or room gowns of the well-dressed girl and the making of these gowns proves conclusively that a garment may be perfectly loose and lightweight and comfortable from neck to hem, yet be charming, becoming and graceful. The old idea that comfort must be awkward, like he notion that ugliness argues brain, is nowadays happily obliterated by good taste and good sense.

Flounces are gathered with shirred or ruffled headings, others are double box-plaited, and one of the newest styles is the plasse flounce laid on plain, not plaited, and edged with a very tiny ruche. All varieties of ruches are seen—of stayed-out silk, pinked-out silk and ribbon, tulle or chiffon ruches. They describe festoons, Greek or V-shaped patterns, "wheels" on the new skirts, many of which are six yards wide round the hem. A Paris model had no less than twenty yards of material in one skirt alone.

All skirts are edged with a metallic galloon or steel and the petticoats are founced to the knee with lace, blouses, Spencers and sacks will be seen with skirts of muslin and point d'esprit net. Ribbons edged with tiny ruffles of tulle are fashionable. All evening bodies are of court shape, much pointed, and made with a draping or a stomacher. Boys with tagged ends, flat rosettes, lace and flowers are used to trim them.

## STORIES OF PLACES.

A trader in ivory and rubber writes as follows of sport on the Kafue river in Africa.

"Every morning at daybreak we got up and scanned the plains with our glasses for game. Often our boys called us first to say that a herd of water buck or hartbeest was grazing in sight, especially if the camp was out of meat. The river was full of fish—barbel, bream, pike and tiger fish. The bream were by far the best eating, but the tiger fish and big barbel gave the best sport. Spoon bait with strong pike tackle and a stiff bamboo rod, was all that was required, and trolling behind a dugout paddled by natives we could soon make a bag. The tiger fish fight gamely, and, breaking water repeatedly, very often succeed in shaking the hook from their mouths. Barbel run up to eighty pounds weight, and a heavy one can tow a canoe along the surface at some speed."

Jerome Hart writes: "In Jaffa and Jerusalem, as in Malta, everything is of stone. Even the very cisterns or tanks on the house-tops are of stone. But in those stony cities the stone does not stop with the street level—the dwellers descend and burrow into the earth beneath. In many of the Jerusalem and Bethlehem buildings there are basements, sub-basements, crypts, sub-crypts and dungeons. One may descend several stories into

## A. H. STOCKER PASSES AWAY AFTER LONG ILLNESS.

THE LATE A. H. STOCKER.

A. H. Stocker, a well known searcher of records of this city, died last night at 8 o'clock of heart disease after an illness covering a period of several months.

Abner Hoyt Stocker was born in Danville, Vermont, on January 6, 1841. Early in life his parents made their home in McHenry County, Illinois, not far from what was then the small growing city of Chicago. Here he passed his boyhood on his father's farm, but so improving his time that at 19 years he was teaching school.

At the outbreak of the Civil War, he together with his brother Henry, organized a company and offered himself in defense of his country, but defective eyesight caused his rejection.

Shortly afterward he entered the Law College of the University of Michigan at Ann Arbor graduating from there with honor, going immediately to Chicago where he entered upon the practice of his profession.

Here he became identified partly with land titles and when at the great fire of Chicago, it was found that the

County Records had been completely destroyed and no entire set of private records saved, he saw his opportunity and in conjunction with three other young men secured control by leases of all of the then existing private sets of records and engaged in the abstract business.

This monopoly was enjoyed for ten years when at the expiration of the leases, laws were enacted by the Legislature of Illinois taking away from the records their official character.

Shortly afterwards, the condition of his health necessitated a residence in California and in 1884, he came to Oakland and purchased the abstract books of Lawrie & Schramm.

In 1890, he took into partnership his son, A. P. Holland, and in 1898 the business was incorporated under the name of the Stocker & Holland Abstract Company of which the subject of this sketch continued to be executive and responsible head until his death.

Mr. Stocker possessed a highly cultivated mind, and one in which he

## COAKLEY-HANLEY WEDDING.

POPULAR WEST OAKLAND COUPLE EMBARK ON PROMISING MATRIMONIAL VOYAGE.

A romance was happily terminated yesterday afternoon at St. Patrick's Church, when John W. Coakley and Miss Katherine L. Hanley were married by the Rev. J. B. McNally. Miss Hanley is a member of St. Patrick's Church choir and enjoys the friendship of a large circle of acquaintances in West Oakland. Her father and brother who are well known business men of that section of the city, while her brother, Martin L. Hanley, is a deputy under County Clerk John J. Cook.

John W. Coakley, the groom, is a conductor in the employ of the Southern Pacific Railway, and has taken his bride for a trip to Portland, Victoria and Vancouver, where they will spend some time and will then return to take up their residence at 1100 Pearl A. street.

The wedding took place at 9 o'clock yesterday morning. Thomas Carroll acted as best man to the groom while the bride was attended by Miss Nellie Coyne as maid of honor. After the ceremony the bridal party returned to the home of the bride's parents at 1607 Seventh street, where a sumptuous repast was awaiting them and the happy pair then left in time to catch their train at the Sixteenth street depot.

## FIRST PEACHES IN TOWN.

FAIR FRUIT SALES MADE IN SAN FRANCISCO.

SAN FRANCISCO, June 6.—The first box of peaches of the season was received today from Vacaville. They were of the early Alexander variety, small and green and sold at \$1.50 for the box.

Cherry plums, the first of the season, were also received from Vacaville. Sales were made at \$1.25 per 20-pound box and 75 cents per smaller drawer, the fruit being of fair size but green. The first grapes of the season were received from Coachella valley. Two crates of four baskets each were shipped. The fruit was of the seedless variety, in good condition. One of the crates sold for \$2.

PAID HIS FINE.  
William Lawless, who was arrested for disturbing the peace on the complaint of Robert Cook, was released this morning on his own recognizance. Cook is alleged to have been under the influence of liquor when he made the complaint. He was subsequently arrested for drunkenness and was fined \$5 in the Police Court this morning.

MAC'S LUCK.  
The Young Woman Reporter's Story.

The following food tale written by a clever young newspaper woman is a true story that came under her personal observation.

"I have been with the — (a paper in a California town) for nine years and Mac has been with us all that time and I do not know how much longer. Mac's full name is MacGellan. Before the Lintropes came in he was a good printer and was one of the first to learn the machine, and is now, at about 42 one of the very fast operators.

"Last winter and the winter before Mac, probably from constant night work and improper food, got badly run down, could not eat much, what little he did eat did not do him much good and he always complained he could not keep warm.

"I missed him for a while until yesterday I overtook him on the street going toward the office and hardly knew the man; he did not look like the familiar walk I should surely have passed without recognizing him. He was stout, his face was round and ruddy and his eyes bright as I had never seen them before.

"I said, 'Mac, I hardly knew you, get so fat?' He replied, 'Grape-Nuts, nothing else. I started in on Grape-Nuts food three months ago when I weighed 126 and was feeling miserable, but now I weigh 160 and feel better than I ever felt in my life. I quit my old diet and went on Grape-Nuts and that's the whole story.' Name given by Postum Co., Battle Creek, Mich.

Exercise is necessary but there's no nourishment in it and proper food alone can supply that. Grape-Nuts for 30 days is a pleasant trial and proves big things.

There's a reason. Look in each package for the famous, little book, "The Road to Wellville."

## SUPERVISORS IN SESSION.

MATTERS OF INTEREST HANDLED AT THE MEETING TODAY.

The Board of Supervisors met this morning, Chairman Mitchell presiding. The meeting was called to order and the minutes of the last meeting were read by Clerk Cook.

There were few matters of major importance brought before the Board, with the exception of the labor question, which has been bitterly fought between the two warring factions.

The following Supervisors were present: Rowe, Kelley, Talcott and Horner. After the calling of the Board to order by Mr. Mitchell, Clerk Cook read the records of the adjourned meeting, which took place last week. The minutes were approved.

CORONER'S REPORT.  
The report of Coroner Mehmman from April 30 to May 30 was submitted to the Board for approval.

SCHOOL REPORT.  
The report of Thomas O. Crawford, school superintendent of Alameda county, for the last month was submitted. It shows a total of children of all nativity amounting to 44,917.

SUPERVISOR ROWE.  
The report of Supervisor H. D. Rowe was presented and showed a total of 15 patients admitted for the month of May to his department of the Receiving Hospital.

INSANE DEPARTMENT.  
The report of James N. Page was submitted to the Board. It shows a total of 15 patients admitted for the month of May to his department of the Receiving Hospital.

ELFERLEE PETITION.  
The application for a liquor license made by Charles Elferlee was brought up before the Board. Elferlee made application a year ago for a license for a saloon which was wanted on the old County road, near Fruitvale avenue. Rev. E. S. Palmer was called for the defense and testified that he had bought intoxicating liquors from Elferlee in direct violation of the law. Attorney Cohen represented the defense, while J. J. McDonald led the prosecution in charge.

Rev. Elferlee testified that he knew that the liquor purchased was beer and swore to the fact. No other witnesses were called.

The attorney severely arraigned Rev. Palmer in reference to imbibing in intoxicating beverages. After considerable argument the matter was referred to the Judiciary Committee and laid over for one week to allow Attorney McDonald time to prepare the case, as he had been called in to it but a few minutes before.

COHEN'S POINT.  
The point made by Attorney Cohen was that of relying upon the survey and an ordinance requiring six to ten property owners' names to be on the petition. According to Cohen, Elferlee had but two out of the required number.

CLIFT COPYIST.  
F. C. Clift was appointed by a unanimous vote of the Board as copyist in the office of Judge Quinn's court, with a monthly remuneration of \$100. The appointment is to be in force for the period of five months.

ENQUIRER SUIT.  
In the question of the suit brought by the Oakland Enquirer and Kate T. Tuttle against the county of Alameda, claiming the sum of \$344, the Board resolved by unanimous vote to instruct the District Attorney to institute a suit in interpleader against both parties.

LIQUOR LICENSES.  
The petition of Andrew Winters for a permit for the sale of liquors was presented with the recommendation that it be granted. The petition of John Bowman was also submitted to the Board with a like recommendation. There was no protest.

TO LAY WATER PIPE.  
C. A. Brannin made application to lay a small water pipe across Telegraph avenue, at San Lorenzo, and along the junction of the avenue with Adams street. Granted.

COUNTY INFIRMARY.  
The report of the resident physician of County Infirmary was submitted to the Board, showing a total expenditure for the month of May of \$375.45. Sixty-one patients were admitted during the month of May and eighty left and discharged. Carried forward for the current month, 282.

ASSOCIATED CHARITIES.  
A communication was received in behalf of the Associated Charities from District Attorney Allen. As a resume in his report, the District Attorney in referring to the matter that the "only restriction placed upon the board is in the concluding sentence: 'The board shall not let the care, maintenance or attendance of such indigent sick or dependent poor by contract to the lowest bidder.'"

The District Attorney then states that "outside of this last restriction the method of caring for the indigent poor is a matter absolutely within the discretion of the board."

CREDITS TO PRISONERS.  
Five days of credit to E. Brown, R. A. Sutor and S. Wendrow were read and

granted by the unanimous vote of the board.

SAN LORENZO PETITION.  
A petition from residents of San Lorenzo, signed by twenty-two citizens, was referred to Supervisor Talcott. The petition asks for improvement on the county road in the San Lorenzo road district and known as Roberts' Landing road. The petition sets forth that the road is impassable during the winter months and asks for relief.

CROW CANYON.  
The bids submitted for the letting of the contract for the construction of the Crow Canyon bridge were read. The contract was let to Thomas H. Russell at \$1798.50. There were four other bidders.

LOS POSITOS BRIDGE.  
The contract for the building of the Los Positos bridge was let to W. T. Conannon at \$3440. There were five other bidders.

NILES PETITION.  
A petition from the residents of Niles was received and read relative to the changing of the roads in the vicinity of the Niles railroad crossing, made necessary by the new bridge. The board appointed E. C. Freese, Joseph Tyson and George Fisher viewers.

The board adjourned for one week shortly after 12 o'clock.

## FARMERS IN THE JURY BOX.

THEY WILL TRY AL HULSE ON A CHARGE OF MURDER.

BAKERSFIELD, June 6.—After two entire weeks spent in examining over two hundred candidates for the jury box, the necessary twelve men were this morning secured in the case of Alfred W. Hulse charged with the murder of Deputy Sheriff Tibbett in the Joss house battle of April 19, 1903.

The twelve men are all farmers, many of them from distant sections of the county, not a single resident of Bakersfield being chosen, as every one promptly disqualified himself on the ground of prejudice.

The taking of testimony began at 2 o'clock this afternoon.

## LOCAL OPTION IN THE NORTH.

QUESTION IS BEING VOTED ON IN PORTLAND.

PORTLAND, Or., June 6.—Fair weather is generally reported throughout Oregon today, but political leaders do not expect a large vote, it being argued that seasonable work in the agricultural districts will prevent a great number of persons visiting the polls.

A legislative, judicial and county ticket is being voted upon and a "local option" and a direct primary law are being passed upon by the people. Two representatives in Congress will also be elected today.

## MRS. ANNIE AGASSIZ CALLED BY DEATH.

Mrs. Annie C. Agassiz, 6099 San Pablo avenue, died at her home Sunday evening after a lingering illness. She was the wife of James F. Agassiz, a member of the contracting firm of Cotton Bros. The husband is expected to arrive from Honolulu tomorrow morning. The funeral arrangements will not be made until the husband arrives. The deceased was a native of Illinois but had resided in this city nearly all her life. She was 31 years of age.

FINED FOR FIGHTING.

Jerry Mulane and Martin Flanagan were fined \$10 with the alternative of spending five days in jail this morning by Police Judge Samuels for fighting in a Broadway saloon.

If you once try Carter's Little Liver Pills for sick headache, biliousness or constipation, you will never be without them. They are pure, vegetable, small and easy to take. Don't forget this.

## MAY SETTLE THE DISPUTE.

LABOR LEADERS MAY AGREE ON THE BALLOT QUESTION.

At the meeting of the Supervisors this morning the labor question was again brought up.

The question submitted to the Board of Supervisors by the Union Labor Central Committee of Alameda county was to have come up before the meeting this morning. The matter was one of mere opinion between the two factions of the labor party.

The law requires that a party desiring to go on the primary ballot shall file notice with the Election Commission forty days before election day. Those of the labor party under the lead of A. W. Atherton went their own way.

The Crandall men at once filed a protest with the Supervisors against the appeal of the Atherton men.

Those who protest are Chairman J. B. Crandall, secretary R. J. Silva and a committee comprised of A. C. C. Kruger, J. Neider, C. A. Sinclair, L. R. James, J. A. Matthews, J. P. Owens, G. J. Britt, W. C. Allen, B. F. Calhoun and W. H. Sweeney. The other side is represented by A. W. Atherton, Lawrence Hyde, M. Montgomery, W. J. Allen, A. T. Bidie, Frank Higuera, C. B. Murdock, G. C. Valentine, W. G. Davidson, A. W. Powers, B. B. Booth and R. E. Rodder.

CLAIM RECOGNITION.  
The Crandall faction claim that they have the required percentage demanded by law to entitle them to recognition.

WILL HARMONIZE.  
The question was postponed by the consent of both parties and in the interest of harmony the matter at issue will probably be settled amicably outside of the Board.

Don't start on your journey without putting a bottle of Jesse Moore "AA" in your grip.

BERKELEY SUBURBAN NEWS UNIVERSITY

TO BUILD A LODGE.

Native Sons of Berkeley to Have a Structure.

BERKELEY, June 6.—In order to raise funds with which to build a hall in this city, the Berkeley Native Sons of the Country Store at the Midsummer Carnival to be held at Idora Park from June 15 to June 26. For over a year plans for having a Berkeley Native Sons' Hall have been discussed by the local parlor, but owing to the lack of sufficient funds, nothing could be done. The hall, according to the plans, will be one of the largest and most artistic in Berkeley. A store will probably occupy the lower floor, while the Native Sons will have the upper floors. The Country Store will be run under the management of Frank D. Fagin, who is a very enthusiastic worker on the cause of the Native Sons. He will be assisted by the following committee: R. T. Welch, stockkeeper; F. McAllister, assistant stockkeeper; W. J. Wilson, treasurer. The Native Sons believe that the store should be well patronized by Berkeley people, for the proposed hall would not only be an improvement to the town, but it would also furnish a suitable place for young men who have no family home, to spend their evenings.

MANY BERKELEYANS ARE IN THE EAST.

BERKELEY, June 6.—W. F. Bado, of this city, is registered at the Hotel St. Denis in New York City. Mrs. Davies and her daughter are spending the summer at Bartlett Springs. J. M. La Corte is a guest at the Grand Union Hotel, New York City. J. M. McLean, of this city, is staying at the New Amsterdam Hotel in New York City. The Misses Eleanor and Catherine Grant, Miss Myrtle McLean and Miss Coddington are spending the summer at the Glenwood Hotel in the Santa Cruz mountains. Dr. Jacques Loeb and family are registered at the Hotel St. Denis in New York City.

COLLEGE STUDENT GOES TO WEST POINT.

Robert Howe Fletcher of the Beta Theta Pi Fraternity Secures Nomination From Roosevelt.

BERKELEY, June 6.—Robert Howe Fletcher Jr., a member of the Beta Theta Pi Fraternity and of the class of '08 at the University of California, has been honored with an appointment to West Point. He will leave immediately for the academy which he will enter this month. Young Fletcher comes from an ancestry of fighting men. His grandfather was an officer in the Civil War and his father, Captain Robert Howe Fletcher, is a retired army officer, the author of several books and a director of the Air Insult.

At the Lowell High School, from which he graduated with honors, winning the prize essay, Fletcher was a member of the Gamma Eta Kappa fraternity. He was given his appointment on the occasion of the visit of President Roosevelt here last year. Those who are not opposed to the cemetery project state that if it were located in the north end it would not only injure residences, property in the section, but would retard the development that is now in progress in that section of the city.

UNIVERSITY PREPARES FARMERS' BULLETINS.

BERKELEY, June 6.—The University is extremely busy this month getting out bulletins for the use of the farmers and horticulturists of the State. The bulletins contain the results of months of scientific investigation into the cause and cure of various plagues and blights that have worried the orchardists for some time past. Professor W. T. Clarke of the department of agriculture has prepared a pamphlet on the codling moth that has attacked the apple orchards in the vicinity of Watsonville. His bulletin contains the latest results obtained in the campaign against the pest and the remedy for its extermination. Professor Clarke has also completed a treatise on plant lice that will shortly be issued from the press. Professor W. C. Woodworth has also prepared a bulletin for the codling moth, which it gives the description of the insect, the damage it does to the fruit, and the remedy for its extermination. Assistant Professor H. T. Quayle has completed the results of his recent investigations in a treatise on the brown apricot scale and the new famous San Jose scale. The experiments described were conducted in the orchards around Hanford. Remedies for the extermination of the two pests are given. These bulletins will be ready for free distribution in a short time and may be had by addressing a request for the same to the college of agriculture at Berkeley.

ABANDON CEMETERY.

Burying Ground May Not be Located in Berkeley.

BERKELEY, June 6.—So much opposition appeared when the scheme of locating a cemetery just outside of the northern limits of the city was broached, that it now looks as though the venture would be abandoned altogether. The opposition was led by the North Berkeley Improvement Club, which went so far as to appoint a committee to block the plans of the cemetery organizers. Those who are not opposed to the cemetery project state that if it were located in the north end it would not only injure residences, property in the section, but would retard the development that is now in progress in that section of the city.

OAKLAND GIRL WEDS POPULAR BERKELEYAN.

BERKELEY, June 6.—Beneath a large wedding bell of white sweet peas, Miss Abbie Blanchard, of Oakland, became the wife of William Gibbs Jenson of North Berkeley at high noon yesterday. The ceremony was performed in the home of the bride's mother, Mrs. M. E. Blanchard of 544 Thirtieth street, Oakland, by the Rev. Dr. Buck of the Thirtieth Street Methodist Episcopal Church. The house was handsomely trimmed for the occasion, pink and green being the color scheme. The bride was dressed in a very pretty white organdy creation and was attended by Miss Irene Maddock of Oakland as bridesmaid and Miss Frances Cuyler of Berkeley as maid of honor. The bridegroom wore a tuxedo and was attended by Fred Blarshard, brother of the bride, as best man and Mrs. Elizabeth Gibbs, as sister of the bride, as matron of honor. The bride was given away by her mother, Mrs. M. E. Blanchard. The wedding was played by Mrs. Charles Benjamin, a wedding luncheon for the young couple was given at the home of Mrs. J. M. La Corte, who will be the bride's mother-in-law. The bride and groom will spend their honeymoon at Santa Cruz, where they will spend their honeymoon. After their return they will reside in Oakland.

TWO SUMMER SESSIONS IN STUDENT HEALTH.

Pacific Theological Seminary of Berkeley Will Draw Together a Number of Noted Lecturers.

BERKELEY, June 6.—Second in interest to the University of California summer school is the mid-term session that is to be held from July 25th to August 5th by the Pacific Theological Seminary. The session will afford an opportunity for study to pastors, Sunday School teachers and church workers. An interesting program of lectures is to be given, including "Problems of Faith and Life" as viewed by Biblical writers, by Prof. John E. McFadyen, M. A. Knox College, Toronto; "Improved Methods with the Bible School," by Dean Frank K. Saunders, D. D., of Yale Divinity School; "Current Theories of Education as Related to the Problems of a Teacher of Religion," by Professor Elmer E. Brown of the University of California; "The Bible, the Church and the Preacher," by Rev. Robert R. Meredith, D. D., of Pasadena; "Studies in the Old Testament," by Rev. Charles R. Brown, D. D., of Oakland. The lecturers are widely and favorably known. Professor McFadyen is the author of "Old Testament Criticism and the Christian Church" and "The Message of the Psalms." Dean Saunders is with Prof. Kent as joint editor of the Messages of the Bible Series, and is a leader in the development of the modern Sunday School and has just closed his term as first president of the Religious Education Association. Dr. Meredith was for a number of years pastor of the Tompkins Avenue Congregational Church of Brooklyn, N. Y., the largest church of the order in the country. Professor Brown is at the head of the educational department of the University of California and Rev. C. R. Brown is pastor of the First Congregational Church of Oakland and lecturer on the Bible and ethics at Leland Stanford University.

CHINESE KILLS A WHITE WOMAN.

NEW YORK, May 6.—Quick work by a police man has saved Sing Weng, a Chinese laundryman from the vengeance of a mob in Perry street. Weng had stabbed and mortally wounded a white woman. Her body lay on the floor of the laundry and Weng was calmly walking about when two boys discovered the crime and sounded an alarm. A crowd gathered in a moment and began to batter in the door. Weng watched them without displaying much interest. Finally the door fell and Weng was seized. There were threats of lynching and the Chinaman was faring badly when a policeman fought his way through the crowd and seized Weng. The latter turned on the officer and he was only dragged away after a severe battle. Police reserves drove off the crowd. The Chinaman's victim was well known about the quarter. The laundryman refused to say why he stabbed her. It's all stomach that can't ache just all the time for a boy to start to school—New York Press.

HAYWARDS, SAN LEANDRO, EMERYVILLE, FRUITVALE, GOLDEN GATE

SAN LEANDRO HAPPENINGS.

PERSONAL MENTION AND NEWS OF A GENERAL CHARACTER.

SAN LEANDRO, June 6.—Yesterday morning Rev. Dr. Kirby, presiding elder of this district of the M. E. Church, preached to a large and attentive congregation. He is an impressive speaker and holds his hearers spellbound. Chas. Rindspacher, and wife left Sunday for a month's visit to Europe. J. W. took a very pleasant vacation trip (and will camp) near Colfax. The Epworth League of the Methodist Church last night held a very successful meeting. The subject being "Betraying Christ by Silence." Wm. Bettencourt, who has for several weeks been confined to a sick bed, has been removed to the hospital conducted by Dr. Huntington in Oakland. The first new baby, christened from this vicinity this season was said by J. J. Varga. J. A. Cunha and family are entertaining Ida Fraiser, of San Francisco. Miss Eliza Lane returned recently from a fortnight at Halfmoon Bay. She spent a very pleasant vacation and enjoyed an ocean trip. Miss Gomes, who returned with her, is staying at the home of Mrs. Edwards, of Hayward, where she and Mrs. Edwards are the mother of Mrs. Gomes. Joseph Rice, who was formerly a resident of this place, has returned and entered the employ of the San Leandro Meat Market, conducted by Mr. Fry. Rose has spent some time in travel through the North, having been at Seattle and other cities. An election of officers was held at the meeting of Mrs. Rebekah Lodge, No. 24, I. O. O. F., Thursday evening. The following were chosen to officiate for the ensuing term: N. G. Miss Rushing; V. G. Miss McDonough; secretary, Miss Anderson; financial secretary, Miss Sarah Fry; treasurer, Mrs. M. H. Foster; trustees, S. B. Force. Following the election a banquet was served and a pleasant evening spent by all.

DROWNED WHILE SWIMMING.

WILLIAMSPORT, Pa., June 6.—Caesar Vivian, a Porto Rican student at Dickinson Seminary has been drowned in the Susquehanna river while swimming. His parents had just landed at New York, en route here to witness their son's graduation.

SCHOOL TRUSTEE ELECTED.

EXCITING CONTEST AT HAYWARDS—P. J. CROSBY WINS OUT.

HAYWARDS, June 6.—One of the most warmly contested election for school trustee that has occurred in the district for many years, was that of Friday last, when P. J. Crosby was elected by a large majority. There were 121 votes polled. Peter J. Crosby, residing at 314 North Main street, received 84 votes and John A. Obermuller 141. Giving Mr. Crosby a majority of 57 votes. The citizens of Haywards are highly pleased with the result. Mr. Crosby is an attorney with a large practice, and is in every way suited to the office he has been called upon to fill. At the High School election R. Reid was re-elected, there being no opposition. FINED FOR BATTERY. On complaint of M. J. Moreira, R. J. Moreira was arrested for battery and received a hearing before Justice Frowse on Friday. He pleaded guilty to the charge and was fined \$10. CHEMISTRY CLASS DINNER. The 1905 chemistry class of Hayward High School recently entertained the two higher classes at a unique dinner in the laboratory. The tables were beautifully decorated with flowers and the prevailing blossoms being sweet peas. Apparatus used in chemical work served as far as possible to decorate the tables, which lent an appropriate and decidedly novel air to the occasion. LADIES' IMPROVEMENT CLUB. Tomorrow afternoon the Ladies' Improvement Club will hold a meeting at the residence of Mrs. J. W. Burger. An election of officers will take place and all members are requested to attend. CHERRY FETE A SUCCESS. The "cherry fete" held last Saturday afternoon at the home of J. H. Bodin was a distinct success. A very large number of people filled the spacious grounds and every one enjoyed the shade of the sheltering trees, from the extreme heat which characterized the day. They were privileged to eat all the cherries they desired and this feature alone would have served to make the affair a delightful one to those who seldom are accorded such a privilege. But not content with this, Mr. Bodin has been donating the "Trinity Episcopal Mission building fund."

TOWN EVENTS IN BRIEF.

Mrs. H. L. Peterman is the guest of relatives here. Her home is in San Francisco. P. McKeever, who has been seriously ill with rheumatism, is now able to be about. C. Baker, who represents the Simpson & Hack Fruit Company, of Los Angeles, is a guest at the Villa Hotel. He is buying cherries for the Southern market and reports a large demand for those from this section, the prices now ranging from six to seven cents. Judge Frowse recently entertained Chas. C. Eckland, special agent for the Home Fire and Marine Insurance Company. Mr. Eckland rode out in his automobile.

ELMHURST NEWS ITEMS.

WHAT PEOPLE ARE DOING—OTHER EVENTS OF GENERAL INTEREST.

ELMHURST, June 6.—Fifteen children were brought from San Francisco Saturday to the Day Memorial Home on Jones avenue. They will spend the summer there. Two hundred dollars per month are required to run the institution while the children are in it. CHURCH OFFICIALS ELECTED. At the annual congregational meeting of the First Presbyterian Church, held recently, the following officials were elected: Ruling elders, W. M. Greenslade and W. A. McDermitt; trustees, W. M. Greenslade, W. A. McDermitt, R. Faulkner, M. E. Allen and Mrs. A. P. Rogers. There are now seventy-three members and fourteen have been added during the past year. A vote of thanks was tendered the Ladies' Aid Society. PERSONAL MENTION. W. W. Kellerman, accompanied by his wife and son, are enjoying a camping trip at Point Arena. Owing to the serious illness of her mother, Mrs. Anna Rohling, at Pleasanton, Mrs. John Graydon has gone there and will remain until the crisis is past. Mrs. J. O'Meara and her son were recent visitors here. Mrs. W. B. Parkhill, of Second street is entertaining her father, W. E. Beckwith, of Fresno. Miss Winnetta Marlowe is visiting her aunt in San Francisco. Dr. W. F. Lynch and wife were in San Francisco recently. SCHOOL ELECTION. Thomas E. Sawyer was re-elected trustee for Elmhurst district, without opposition. This is the first time in seven years that there has been no contest for the position. KILL THE DANDRUFF GERM. Or Your Hair Will Fall Out Till You Become Bald. Modern science has discovered that dandruff is caused by a germ that digs up the scalp in scales, as it burrows down to the roots of the hair, where it destroys the hair's vitality, causes falling hair, and ultimately, baldness. After Prof. Unna, of Hamburg, Germany, discovered the dandruff germ, all efforts to find a remedy failed until the great laboratory discovery was made which resulted in Newbro's Herpicide. It alone of all other hair preparations kills the dandruff germ. Without dandruff, hair grows luxuriantly. Destroy the cause, remove the effect. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Bowman & Co., Special Agents.

PARSONAGE FUND CONCERT.

FRUITVALE PEOPLE TO ENJOY FINE ENTERTAINMENT IN WORTHY CAUSE.

FRUITVALE, June 6.—For the benefit of the parsonage fund, a splendid array of talent has been secured to give a concert at Army Hall, on June 11. There is slight doubt but that the hall will be filled to overflowing as the program, which follows, promises to be unusually interesting. Song, "Hydras, the Cretan" C. W. Campbell; "The Auld Plaid Shawl" "The Low Back Car" Miss Margaret Slomberg; "Sigh, My Love" "In the Woods" Mrs. Greenleaf Kruger; South Sea Island Songs, in costume of a chiefess of Tonga Island, Miss Eleanor McMenon; two English songs of the seventeenth century and "A Memory," Mrs. Klippel Schaffter, piano solo, Miss Julia Rappier Tharp; songs from Song Cycle (Maude), words by Tennyson, music by Somerville; "Voice from the Cedar Tree" "Go Not, Happy Day" "I Shall Have My Day" "Birds in the Hall Garden" with "There Were Possibilities" Mrs. Maria E. B. Robinson; song, W. C. Campbell. Miss Hattie Billings, am of this place, became the bride of John Coady, of Oakland recently. William Whitney, aged about fifty years, died Saturday morning at his home on Washington street of tuberculosis. He leaves a widow. WAS ELECTED TRUSTEE. W. F. Dunley was elected school trustee for Fruitvale district. There was no opposition. CHINESE PRINCE IN NEW YORK. NEW YORK, June 6.—Prince Pu Lun of the Imperial house of China has completed his sight-seeing tour of this city and departed for St. Louis, where the party is due at 6:45 o'clock this evening. The prince expressed great pleasure over the results of his observations.

IN EVERY HOME

There should always be found a bottle of the famous Hostetter's Stomach Bitters. It is good for every member of the family and if taken at the start may counteract a long sick spell. No other is just as good nor so safe and reliable. It puts the stomach in a normal condition and cures Biliousness, Constipated Bowels, Dyspepsia, Indigestion, Inflammation, Liver troubles and Malaria. Doctors and Druggists recommend it. Try one bottle. HOSTETTER'S STOMACH BITTERS.

OLIVER GETS ONE CITY YEAR.

NEGRO WHO HAS ANNOYED WILL ACT UPON IMPROVEMENT QUESTIONS FOR BENEFIT OF TOWN.

GOLDEN GATE, June 6.—George Oliver, who was arrested by Detective Quigley about ten days ago for a most offensive crime to society, was sentenced Saturday to serve one year in the County Jail. Oliver, up to the time of his arrest, had borne a good reputation as far as work was concerned but his evil tendencies were his undoing. This being the first time that he has been arrested for a crime, Oliver is growing rapidly relieved that such a man is away from their midst, as his actions of late have caused much disturbance in the minds of parents. MEETING TONIGHT. The Women of Woodcraft, the newly formed circle in this locality, will meet tonight. The order is growing rapidly and will undoubtedly show a most excellent comparison with the society in many of the larger towns. Much enthusiasm has been shown by all the members. The society element of the town comprises most of the members and with the assistance of the Woodmen, the order is growing rapidly and will greatly serve to advance the order. WOODMEN TOMORROW. The Woodmen of the World will meet tomorrow night at Klunkner Hall in their regular weekly assembly. The meeting is called for 8:30 o'clock. There is a report that the Bay School lower rooms will be changed over during the vacation for the better accommodation of the pupils. The new sidewalks that have been recently laid in the vicinity of Santa Fe avenue and San Pablo avenue are now completed. The painting of the police station has been finished and is now ready. The wedding of Elsie Nelson and Herbert Valentine will take place tomorrow. There was a good crowd of baseball enthusiasts at Freeman's Park yesterday. Al. White has returned from Petaluma.

DELEGATES TO MEET.

NEW YORK, June 6.—More than 400 delegates from all parts of the United States are expected to attend the annual convention of the National Wholesale Liquor Dealers' Association, which meets here on Wednesday of this week. The sessions will continue three days and many subjects of great interest to the trade will be acted upon. TREATY IS PUBLISHED. VLADIVOSTOK, June 6.—United States Commercial Agent Richard A. Greener has caused to be published in the local newspapers for the benefit of the native merchants, the provisions of the treaty of 1854 between the United States and Russia respecting neutrality of goods in transit. The publication was made with a view to facilitating trade, which is almost paralyzed.

CITY FATHERS SAY SHE SHOT HER FIANCE.

WEDDING SAID TO BE THE CAUSE.

EMERYVILLE, June 6.—Tonight the Board of Trustees will meet in their regular weekly convocation. The question of improving the streets has been brought up at each weekly meeting and it is thought that tonight the board will act on the street proposition. It has been talked of that new work will be instituted both on Adeline street and San Pablo avenue, which will result in the better improvement of the town streets. The permit recently granted by the board for improvements on Fortieth street is already in process and the general improvement on the east side of the avenue was being begun in a short time. The general advancement of street improvements has resulted in great benefit to the citizens and the work of the following permits is generally endorsed. EDDIE JONES AGAIN. Eddie Jones, the jockey, and the son of H. J. Jones of this town, has brought further credit upon himself. Mr. Jones received a letter from his son Friday stating that he had won again on his mount across the track. This makes a fourth straight win, that the clever young jockey has brought home to the credit of California. YOUNG'S DEATH. The death of Caesar Young brought great sorrow to the many friends that he had in this vicinity. Young was one of the best known and best liked of the bookmakers and had a score of warm friends. His many friends in this locality express the deepest regret over his untimely end. "FRISCO LIND. Frisco Lind, who, a year ago, was ruled out of the track, received a letter from a friend in the East last Saturday stating that there was a good chance of Lind's reinstatement. Lind has always been one of the most popular of the race track followers and his reinstatement would mean a great deal to many of his friends. Lind states that he can see no reason for his suspension and hopes to be back again. It is thought that many of the race track men that there was a misunderstanding in the matter and that Lind's restoration would meet with general approval. FORESTERS TOMORROW. The Foresters of Emeryville, No. 218, will meet tomorrow night. Five candidates will be up for initiation. TAKE THE "MUSIC CURE." BOSTON, June 6.—The "Music Cure" has been taken up by Boston Society and its devotees are said to be numbered by hundreds. Its advocates assert that music has an extraordinary power to cure many ills, especially those of a nervous origin. In one instance of a nervous attack of neuralgia of three weeks' standing is reported to have been cured in half an hour by the playing of music in a minor key on a piano. No particular instrument is favored, but a violin is most frequently employed.

SAY SHE SHOT HER FIANCE.

WEDDING SAID TO BE THE CAUSE.

CHICAGO, June 6.—When Mrs. Rebecca Bailey called at the Wesley Hospital to see her fiancé, Louis Miller, who had been taken to the institution probably fatally wounded by a bullet, she was arrested on a charge of shooting him. At the time of her arrest the man was making an ante-mortem statement, accusing her and the police were searching for her. Mrs. Bailey and Miller were to have been married within a week. Miller was believed to be dying early today. The shooting took place in Mrs. Bailey's apartments, and it was four hours later before the police were informed. The man was found by Mrs. C. J. Snyder, who declares he said that he had shot himself. Mrs. Bailey fled from the house. The police found the apartments deserted. Mrs. Bailey and Mrs. Grabner could not be sure. It was learned that the woman had rented the apartments a few days before and that she gave the name of "Mrs. Miller." The theory of the police is that Mrs. Bailey shot Miller while in a jealous rage because of his failure to name a definite day for the wedding ceremony. Little is known of Mrs. Bailey's life prior to the death of her husband, Dr. S. G. Bailey, who was a member of the staff of Wesley Hospital and a lecturer at the hospital clinics. Her maiden name was Barrett. Although never known in Chicago by the name of Hicks, Mrs. Bailey is said to have last year become the wife of one Edward Hicks, and that divorce proceedings are pending in the Superior Court. MAY RESTORE TROPHY. NEW YORK, June 6.—That American riflemen may not rest under even a technical imputation of unsportsmanlike conduct the executive committee of the American Rifle Association may offer to restore the Palma trophy to the British Association, agreeing that the match at Bisley, Eng., last July shall be erased. General Bird W. Spencer, president of the American Association, is said to be of the opinion that a restoration of the trophy would be the best way out of the discussion now going on and he has called a meeting of the executive committee of which he is ex-officio chairman. It is likely the committee will meet within ten days and settle the matter. For Over Fifty Years Mrs. Winslow's Soothing Syrup has been used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents.

## SILK CULTURE ON PIEDMONT HILLS

LADIES' ASSOCIATION HAD A  
STATION THERE MANY  
YEARS AGO.

Editor TRIBUNE:—At the request of Mr. Warren B. Ewer of Piedmont, Cal., I beg to correct the statement made in your issue June 3, viz that "the first thorough scientific test of the possibilities of silkworm culture in California for commercial purposes is now being brought to a conclusion in the College of Agriculture at Berkeley." Mr. Ewer has been closely identified with the progress of silk culture in California ever since the inception, many years ago, of its possible accomplishment.

The late Mrs. Theodore Hittell of San Francisco, with other equally prominent and energetic women and aided by a few gentlemen, founded a society known as "The Ladies Silk Culture Association," with headquarters at Mrs. Hittell's home. They planted mulberry trees, raised worms, produced cocoons and some of these citizens had even purchased machinery for the manufacture of the raw silk in the furtherance of their plans. The work was under the Piedmont Land Company a tract of fifteen acres on the Piedmont Heights with the view of establishing there a permanent experimental station. About this time Congress enacted a bill authorizing similar efforts to be made in the different States of our Union of which California was one.

Prof. George Davidson of Goddette Survey fame, having been appointed to select a suitable locality for the establishment of the experiment which he had suggested, in making the scientific test, was offered by the Ladies Silk Culture Association the use of their land free. Their offer was accepted and immediately a site was selected, a building erected and an orchard of mulberry trees planted in the rear of the station. Silk worm eggs were imported from China, Japan and Europe and the Ladies Silk Culture Association for a time ceased its labors. The work under the Government experts was confined to the production of cocoons which, when ripe, were sent to a manufactory in Philadelphia, owned by the Government, to be woven into cloth and ribbon.

After a few years the experiment was abandoned, the expense outweighing the success desired.

A second time the Ladies Silk Culture Association resumed work. They purchased the house which the Government had built upon their land; applied to the Superior Court for power to sell a portion of their property on Piedmont Heights, which was granted; put the money thus raised into the business and renewed enthusiasm into their efforts.

The State was asked for help, which it freely gave. It put silkworm machinery into the Flood building, placed Mrs. Riens, an expert in the art of reeling silk, in charge and nothing was left undone to insure commercial success.

The silk produced from California cocoons was conceded to be of first-class quality by those whose judgment in such matters was unerring, but an obstacle was in the way; one seemingly insurmountable. Finally, the State withdrew its aid, the society suspended its operations (though still remaining an incorporated body) and the machinery was stored in the basement of the Flood building.

The obstacle to the success of these honest efforts lay in the fact that the climate of Northern and Middle California is unsuitable to the growth of the mulberry tree in certain directions. Like apple trees, those of the mulberry bloom and produce young leaves but once a year. At this period the young worms eat all the young leaves and there is no more produced during that season for a second feeding.

The well known success of silk culture in San Diego, Southern California is because the trees there grow, produce young leaves nine or ten months in the year.

NELLIE BLESSING EYSTER.

ROCKMEN STRIKE.

NEW YORK, June 6.—A strike of 16,000 members of Rock Men and Excavators' Union which was to have taken place May 1, is now threatened in good earnest. Before May 1 the union made a demand on all contractors throughout the city for a new wage scale and recognition of the union. The strike was about to be declared, when the matter was placed in the hands of a committee yesterday, who have been making efforts to settle the matter. The men now claim nothing has been heard since from the employers and they are determined to carry out the original plan.

WILL RAISE THE ADMISSION.

NEW YORK, June 6.—Owing to the unprecedented attendance at the tracks since the poolrooms were closed it is reported the associations controlling the various tracks about New York are making arrangements to raise the price of admission.

For grandstand tickets it is understood the figure will be advanced from \$2 to \$3, while 75 cents, the price for tickets to the field stand, probably will be doubled.

## AMONG THE LABOR UNIONS.

### NEWS OF INTEREST CONCERNING THEIR PLANS AND PROGRESS.

Members of the Butchers' Union are greatly delighted with the results of the "last" business of the Co-operative Meat Company's shops. Despite the extreme warmth of the opening day, Saturday, the shop on Seventh street was the scene of continuous activity from early morning till night, and a constant stream of customers in and out. Sixteen more were kept busy, some at the blocks, others on the delivery wagons, and the financial result surpassed the most sanguine expectations. The other shops were busy in proportion.

The result of our initial effort, said an official of the company yesterday, moves to my mind at least the practicability of co-operative methods. It has been proven at other places, and again, by a fact, a fact is brought home to any body of people, they are inclined to be skeptical I think we have brought it home to the people of Oakland.

On Saturday evening the Butchers and the Cooks and Waiters' Union turned out in force to celebrate the opening of the shops, and paraded the streets with transparencies, banners and signs. The "Musicians' Union" donated the services of a large band accompanied the procession. After disbanding the entire assemblage repaired to Cooks and Waiters' hall where refreshments had been prepared and from the open windows floated the strains of martial music, and the sounds of cheers and laughter, till a late hour.

**WILL PICNIC HERE.**  
The cattle, hog and sheep butchers' branch of the Butchers' Union, now making preparations for a picnic at Shiloh Mount Park, on Sunday, July 10. Arrangements have been made for transportation and for music. Valuable prizes will probably be distributed.

**HALL NEARLY READY.**  
The improvements on the halls of the Building Trades' headquarters are nearly completed and the various rooms will present a most cheerful appearance when they have undergone treatment at the hands of the carpenter, painter and paperhanger.

**MARTIAL LAW SUSPENDED.**  
DENVER, June 6.—An order has been issued by Governor Peabody making effective today the suspension of martial law in Las Animas county, where the strike of coal miners, members of the United Mine Workers of America, has been on for several

months. Major Hill will remain in Trinidad, however, for an indefinite time in command of certain troops who will act only in case the civil authorities fail them necessary. The Governor says in his order that peace and good order in Las Animas county is being rapidly if not wholly restored, and that it has been shown to him that the civil authorities are able and willing to control the situation.

**Fight Will Be Bitter.**  
Those who will persist in closing their ears against the continual recommendation of Dr. King's New Discovery for Consumption will have a long and bitter fight with their troubles, if not ended earlier by fatal termination. Read what T. R. Beal, of Beal, Miss., has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles entirely cured her. Guaranteed by Osgood Bros., Seventh and Broadway, druggists. Price 50c and \$1. Trial bottles free."

## THIBETANS SEEM TO WANT WAR.

NEW YORK, June 6.—A dispatch from the correspondent of the London Times at Gyang Tse, Thibet, says a letter from Colonel Younghusband of the British mission to the Thibetans, demanding that the Amban come to Gyang Tse with qualified Thibetan representatives to settle the outstanding difficulties before June 25th, has been returned unopened and without comment.

The Thibetans have, therefore, the correspondent says, deliberately chosen war.

The Thibetans are now concentrating in the monastery and the town of Gyang Tse. Another concentration is rumored between Ralung and Khang Ma.

The present intention of the Thibetans is to prevent Brigadier-General MacDonald from arriving at Gyang Tse, and it is possible that recent experiences have caused them to make his advance a matter of greater difficulty than it was the first time.

## SKIN DISEASES

### The Outcropping of Bad Blood.

While not always painful these are aggravating beyond expression. With few exceptions they are worse in spring and summer, when the system begins to throw out the poisons that have accumulated during the winter months. Then boils and pimples, rashes and eruptions of every conceivable kind make their appearance, and Eczema and Tetter—the twin troubles of skin diseases—Nettle Rash, Poison Oak and Ivy, and such other skin troubles as usually remain quiet during the cold weather, break out afresh to torment and distract by their fearful burning, itching and stinging. A course of S. S. S. now will purify and enrich the blood, reinforce and tone up the general system, and carry off the bodily impurities through the proper channels. The skin, with good blood to nourish it, remains smooth and free of all disfiguring eruptions. Send for our book on diseases of the skin, and write us if you desire medical advice or any special information. This will cost you nothing.

## NEW PLAYS FOR MACDONOUGH.

"OUR NEW MINISTER" WILL BE THE NEXT ATTRACTION.

Fresh from its triumphant four months New York run, Deeman Thompson and Geo. W. Ryer's latest success will be seen here for the second time at the Macdonough on June 10, 11, and 12. It is entitled "Our New Minister," and treats of life at the present day in any New England village. Mr. Thompson and Mr. Ryer's play has a pungent undecurrent of human nature to keep it going through three acts, and will make the audience think a good deal better of "human nature" before it is over. The authors' long experience in play building has impressed upon them that people go to the theater to see acting, not to hear philosophical discussions. The beauties of "Our New Minister" are in its forceful lines, pathetic incidents and Yankee humor, with which it is replete. It is excellently staged, its scenery realistic to a great degree and the vivid portrayals of character, affecting scenes and funny situations, blended together, make the play one which everybody will want to see. It offers to the players excellent opportunity for fine work, all of which is taken advantage of by the original all-star cast. A massive scenic production will be seen.

**MAUDE ADAMS COMING.**

Maude Adams will begin her next engagement at Oakland at the Macdonough Theater, the same taking place Friday evening June 11. Miss Adams is now making her first trip to the Pacific coast and is likewise playing her first stellar engagement in San Francisco, where she is regarded as the greatest actress of the day. She had a sensation in dramatic circles. She had never been seen there as a star until last Monday evening and judging from the verdict given by the critics on all her papers in San Francisco, this charming little woman jumped into popular favor at the very beginning. Miss Adams comes to Oakland supported by a company of players that has the reputation of being excellent, many of them having been in her support during the run of "The Little Minister" for almost three years. In New York, as is well known, Mr. Barry's comedy, "The Little Minister," is one of the most entertaining plays that has been brought out for many years, but it is essential to see Maude Adams in the character of Lady Babbalanza to fully comprehend the beauty of the play. Miss Adams is repeating in San Francisco the triumph she has made in the East and her tour on the Pacific Coast promises to be of the most successful of any star that has been out here for many years. The new engagement opens Friday, June 10, at 8 o'clock.

## ELMHURST WANTS LOWER FARE.

The Elmhurst Improvement Club has passed the following resolutions:

"Whereas The operation of common carriers should be for the purpose of developing territory and bringing into the market lands which would otherwise be idle, and

"Whereas, it is a well known fact that the existing rates of fare as charged by the Oakland Transfer Company on its dayward division militate against the further and better development of Elmhurst and vicinity; and

"Whereas, the character of the country is such that a reduction of fare could be made without detriment to the interests of the stockholders, and

"Resolved, by the Elmhurst Improvement Club, in convention assembled, that we pledge ourselves individually and collectively, to do all in our power to obtain a 5 cent fare between Oakland and Elmhurst and be it further

"Resolved, That a copy of these resolutions and resolutions be transmitted by the secretary to such kindred organizations in Alameda county, as are likely to assist in promoting the interests of all concerned, recognizing the fact that cooperation and the cultivation of mutual interests, such as may be secured, may become powerful factors for the good of our cause."

## MORRIS SCHNEIDER TAKES A BRIDE.

Morris Schneider, the local shoe merchant, was married to Miss Maybelle Ayers of San Francisco last evening in the presence of a few relatives. The bridesmaids were Miss Alice Holderst, Miss Rose Levy and Miss Eliza Goodday. The groomsmen were David Schneider, Edwin Ayers and Lovry Strauss. Immediately after the service the couple left on a trip to Southern California. They will return to Oakland in a few weeks to reside permanently.

Rabbi M. S. Levy officiated at the ceremonies. The bride wore an imported gown with white crepe with applique roses and trimmed with real lace. The bridesmaids were attired in dresses of white organdie beautifully trimmed.

The marble hall in which the ceremony took place was beautifully decorated with white and pink roses, sweet peas, a wedding bed of tube roses and drapings of smilax.

Billie—Followed his bent. I suppose he's broke.—Yale Record.

## J. J. COOK HAS PASSED AWAY.

J. J. COOK.

On Friday last, June 3d, death claimed one of the best known and most genial personages in this State, in J. J. Cook, pioneer, a man who left the impress of determined purpose upon everything in which he engaged in the development of the State of his adoption.

The end came in the home of the deceased, 2818 Clay street, San Francisco, Mr. Cook having attained his sixty-seventh year. Until a week before the closing of his life, Mr. Cook had enjoyed robust health, when at length he made complaint that he was not feeling as well as usual. The services of a physician were secured, but it was soon evident that the patient was beyond relief.

Mr. Cook was born in Dutchess county, N. Y., in 1837, and came to California when but a boy. He early applied himself to business and when what is now Montgomery street was the water front of San Francisco, he conducted, with success, one of the most prosperous drug stores of the metropolis.

Mr. Cook was an ardent lover of nature and took great pleasure in contemplation of the wonders of Yosemite and became possessed of the desire to enable other people to visit the place and enjoy its peerless marvels, in the same manner in which he enjoyed them. He accordingly undertook the building of, and at length completed the first road into Yosemite valley.

He then erected what was known as Cook's House, in which, for years, were entertained the visitors to the great wonderland, and which continued to be the entertainment place until it was succeeded by the Stoneman House, which was later destroyed by fire.

The deceased was part owner of the Yosemite Hotel of Yosemite, a stockholder in the Yosemite Turnpike and Stage Company and in numerous other enterprises, and was a member of several fraternal organizations. He leaves a widow and two daughters, Miss F. Baxter and Mrs. J. Wright, and two sons, Horace and J. B. Cook, the latter of whom is the manager of the now famed Sentinel Hotel in Yosemite valley.

## WANT SOCIETIES LAUGHING IN PARADE. AT LIBERTY.

MERCHANTS' EXCHANGE FOURTH OF JULY COMMITTEE ADDRESSES ORGANIZATIONS.

NEW COMPANY WILL OPEN SUMMER SEASON THIS EVENING.

The laughing season at Ye Liberty Playhouse begins this evening. Bishop's new company will make its first appearance tonight at that famous and funny place. "What Happened to Jones." This play has made merriment for thousands and thousands of people. It has been laughed at in every country on the globe. The citizens of Oakland will celebrate Independence Day in a manner becoming our great national anniversary, and the committee having in charge that portion of the work pertaining to the parade desires the support and co-operation of all civic and military organizations within the county.

"We trust that you will join with us, and by your presence, assistance and advice, aid in making this celebration not only worthy of the momentous occasion it will commemorate but that it may also be a true index to the patriotic spirit which we know animates our people. Patriotism is the new force, the essence of national life, without it no country can become great, while a great country whose people have lost their patriotism, fades from the map of nations.

"The parade committee will be pleased to meet your representatives any Tuesday evening at the room of the Merchants' Exchange, Central Bank Building.

"Early action upon your part will materially aid the committee, as they should know not later than July 1 who will participate. Floats illustrative of the cardinal principles of your society or of some historical incident will be appreciated.

"The secretary will be in attendance daily from 11 a. m. to 5 p. m. and will gladly furnish information.

"By order of the parade committee.

"GEO. W. ARPER, Chairman.

"GEORGE H. MASON, Secretary."

## HIGH TREASON.

Every militia officer in the State of California will want to give the editor of the News Letter thanks for the admirable article in this week's issue. This is the great question of the day and the militia officers are now making a concerted movement to destroy it. The cartoon of this week is labeled: "The Fate of the Guileless Ass and the Parting of the Ways and it has caused laughter wherever it has been seen. There is a minor chord in this picture which is most pathetic. You should see it.

## POTATOES GO UP IN PRICE.

NEW YORK, June 6.—Potatoes are selling at the highest prices on record and housekeepers are told there is no immediate prospect that they will be cheaper.

New potatoes are selling on the dock for \$6.25 a barrel, 50 cents above any previous record. Retailers are obtaining nearly twice the prices charged in ordinary years.

## W. R. DAVIS MAKES REPLY.

ATTORNEY ANSWERS ATTACK MADE IN AN EVENING PAPER.

In reference to an attack made by an evening paper on Attorney William R. Davis because of his employment by the city in the water rate case, Mr. Davis today said:

"It is sufficient to say that I never solicited this or any other professional business and that this is not the first time that governing bodies, regardless of politics and party affiliation, have seen fit to employ my services.

"The political matter is apart from the point. The only point is, are the services straight and capable.

"It will be time enough for me to pay attention to anything said in such matters when it shall have been stated that any services rendered, or in the course of being rendered, are not reasonably competent and thoroughly faithful.

"It may not be improper to add that I have not now, and never have, had any political, financial or other relations with the Contra Costa Water Company."

## DR. WM. POWELL CUT THROAT WITH A KNIFE.

SHOT BY MANUEL CARDOZA IN CONTRA COSTA COUNTY.

MARTINEZ, June 6.—Dr. William Ryder Powell, one of the best-known characters in Contra Costa county, died yesterday morning at the County Hospital near here from the effects of a gunshot wound inflicted by Manuel Cardoza, with whom he had quarreled on numerous occasions. Cardoza declares that he was compelled to shoot Powell in self-defense, but in a dying statement by Powell yesterday he insisted that Cardoza had shot him from ambush. Cardoza is in jail, his surrender to Constable Chapman of Clayton shortly after the shooting.

The wound which caused Powell's death was inflicted about dusk Saturday evening, and though it was of such a nature that, under ordinary conditions, it would have produced almost instant death, Powell was able to withstand the jolting of a wagon which carried him nearly twenty miles and landed him at the County Hospital at 3 o'clock in the morning. His death did not occur until 10 o'clock and during the interval between the shooting and his death he was conscious and talked freely about his case. He was even in his dying moments, bitter against Cardoza and others whom he fancied had wronged him.

Powell killed a man named Crandall near here some years ago.

## DR. J. W. LEWIS HAD NO MONEY AND WAS WEARY OF LIFE.

Dr. J. W. Lewis, a penniless physician, severed the carotid artery in his throat in the rear of office rooms at 474 Seventh street last Saturday night. While death was approaching he endeavored to tell why he did the deed by scribbling on a newspaper, which he carried to a front room and laid on a chair.

Although the words are indistinct and lightly written over the printed portion of the paper they appear under a magnifying glass as follows: "Day out my gone away." The paper is drenched with the physician's blood.

The body was found yesterday morning by George Pointer, a painter, who gave Dr. Lewis the use of his shop for caring for it. The two had met each other but a few days ago and since that time Dr. Lewis had attempted to establish an employment agency and a real estate business.

Dr. Lewis' knowledge of anatomy enabled him to sever effectively the artery in his neck. His pocket knife had been sharpened to the keenness of a razor and with that he cut a comparatively small, but deep gash.

## POSTMASTERS TO GET MORE SALARY.

WASHINGTON, June 5.—The First Assistant Postmaster-General announces in the annual readjustment of salaries of postmasters that the salary of the postmaster at Oakland is raised from \$3400 to \$3500; at Salinas from \$2100 to \$2200; Santa Barbara from \$2700 to \$2800; Pasadena \$3600 to \$3700, and San Rafael \$2200 to \$2400.

The general postoffice at Los Angeles will be located at the corner of Seventh street and Grand avenue at a rent of \$10,000 a year, exclusive of heat, light and janitor service. The postoffice will vacate the Army and Garland building not later than December 31.

## ALVARADO LADY GIVES LUNCHEON.

ALVARADO, June 5.—The Five Hundred Club met with Miss Nauert Friday evening. The prizes were won by Miss Dyer and E. W. Burr. The next meeting will be held with Mrs. Will Patterson.

Mrs. E. W. Burr entertained a few lady friends at a red luncheon Friday. After luncheon, the young ladies enjoyed a hay ride in the country.

Alvarado was well represented at the High School dance Saturday evening. The young men of the Union Collation Club will entertain informally (at dancing) in Niles, Saturday, the 11th. An unusually good time is expected.

## STOCKMAN DIES ON THE TRAIN.

Samuel F. Mitchell, a stockman, died in a car on the Los Angeles express as it pulled into the Oakland pier about 7 o'clock last Saturday night. The journey from Tucson, Ariz., was too hard a one for him, as he had been suffering from consumption for some time, and he, therefore, collapsed before a physician could be summoned to his assistance.

He was sixty years of age, unmarried, and a native of Missouri. In company with a friend, Mr. G. H. Gist, he was journeying to Billings, Mont., where he had large interests.

## NEW THEATER IN ENCINAL CITY.

ALAMEDA, June 5.—The opening of the Park Theater, which will take place tonight in Alameda, is being looked forward to with a great deal of pleasure. This is the first time that there has ever been a real theater in the Encinal City. The place is supplied with all the equipments of a first-class playhouse and has been leased to Lerer and Krinsky.
